A 052	Continued From page 2 discretion on the part of the unlicensed person. (5) Assistance with the self-administration of medication by an unlicensed person as described in this section shall not be considered administration as defined in s. 465.003. 59A-36.008 (3) ASSISTANCE WITH SELF-ADMINISTRATION. (a) Any unlicensed person providing assistance with self-administration of medication must be 18 years of age or older, trained to assist with self-administered medication pursuant to the training requirements of rule 59A-36.011, F.A.C., and must be available to assist residents with self-administered medications in accordance with procedures described in section 429.256, F.S. and this rule. (b) In addition to the specifications of section 429.256(3), F.S., assistance with self-administration of medication includes, in the presence of the resident, reading the medication label aloud and verbally prompting a resident to take medications as prescribed. (c) In order to facilitate assistance with self-administration, trained staff may prepare and make available such items as water, juice, cups, and spoons. Trained staff may also return unused doses to the medication container. Medication, which appears to have been contaminated, must not be returned to the container. (d) Trained staff must observe the resident take the medication. Any concerns about the resident's reaction to the medication or suspected noncompliance must be reported to the resident's health care provider and documented in the resident's record. A 052	Continued From page 3 medication is away from the facility and from facility staff, the following options are available to enable the resident to take medication as prescribed: 1. The health care provider may prescribe a medication schedule that coincides with the resident's presence in the facility, 2. The medication container may be given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, 3. The medication may be transferred to a pill organizer pursuant to the requirements of subsection (2), and given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, or 4. Medications may be separately prescribed and dispensed in an easier to use form, such as unit dose packaging. (f) Assistance with self-administration of medication does not include the activities detailed in section 429.256(4), F.S. 1. As used in section 429.256(4)(g), F.S., the term "competent resident" means that the resident is cognizant of when a medication is required and understands the purpose for taking the medication. 2. As used in section 429.256(4)(h), F.S., the terms "judgment" and "discretion" mean interpreting vital signs and evaluating or assessing a resident's condition. (g) All trained staff must adhere to the facility's control policy and procedures when assisting with the self-administration of medication. This Statute or Rule is not met as evidenced by: Based on observation, record review; resident	A 052

A 052	Continued From page 4 and staff interview, the facility failed to ensure the medication technician (med tech) properly assisted 1 (Resident #1) of 2 residents observed for assistance with self-administration of medication. The facility failed to ensure the med tech consistently read the label when assisting with self-administration for 1 (Resident #4) of 1 resident interviewed. The findings included: 1. On _____ at 9:30 a.m., Med Tech Staff A was observed preparing to administer 6 different oral medications to Resident #1, who requires assistance with self-administration of medications. Staff A removed the pills from _____ cards (packaging used for oral medications) and placed them into a cup. She returned all the _____ cards _____ to the medication cart. She said Resident #1 was using the restroom and would be there shortly. On _____ at 9:35 a.m., a staff member wheeled Resident #1 to the medication cart. Staff A handed the cup of pills to the resident and stated, "I have your medicines and it's not too much." She gave the resident a cup of water and encouraged her to take all the pills. Staff A did not remove the pills from the _____ cards in the presence of the resident and did not read the label of each medication to the resident. The surveyor was standing within 4 _____ of the med tech and the resident during the observation. On _____ at 12:20 p.m., during an interview with Med Tech Staff A, she confirmed she failed to remove the oral medications from the card in front of the resident and failed to read the label to the resident. 2. On _____ at 9:20 a.m., an interview was	A 052
