A 093	Continued From page 18 (b) The residents' nutritional needs must be met by offering a variety of meals adapted to the food habits, preferences, and physical abilities of the residents, and must be prepared through the use of standardized recipes. For facilities with a licensed capacity of 16 or fewer residents, standardized recipes are not required. Unless a resident chooses to eat less, the facility must serve the standard minimum portions of food according to the Dietary Reference Intakes. (c) All regular and therapeutic menus to be used by the facility must be reviewed annually by a licensed or registered dietitian, a licensed nutritionist, or a registered dietetic technician supervised by a licensed or registered dietitian, or a licensed nutritionist to ensure the meals meet the nutritional standards established in this rule. The annual review must be documented in the facility files and include the original signature of the reviewer, registration or license number, and date reviewed. Portion sizes must be indicated on the menus or on a separate sheet. 1. Daily food servings may be divided among three or more meals per day, including snacks, as necessary to accommodate resident needs and preferences. 2. Menu items may be substituted with items of comparable nutritional value based on the seasonal availability of fresh produce or the preferences of the residents. (d) Menus must be dated and planned at least 1 week in advance for both regular and therapeutic diets. Residents must be encouraged to participate in menu planning. Planned menus must be conspicuously posted or easily available to residents. Regular and therapeutic menus as served, with substitutions noted before or when the meal is served, must be kept on file in the facility for 6 months.	A 093

A 093	Continued From page 19 (e) Therapeutic diets must be prepared and served as ordered by the health care provider. 1. Facilities that offer residents a variety of food choices through a select menu, buffet style dining, or family style dining are not required to document what is eaten unless a health care provider's order indicates that such monitoring is necessary. However, the food items that enable residents to comply with the therapeutic diet must be identified on the menus developed for use in the facility. 2. The facility must document a resident's refusal to comply with a therapeutic diet and provide notification to the resident's health care provider of such refusal. (f) For facilities serving three or more meals a day, no more than 14 hours must elapse between the end of an evening meal containing a protein food and the beginning of a morning meal. Intervals between meals must be evenly distributed throughout the day with not less than 2 hours nor more than 6 hours between the end of one meal and the beginning of the next. For residents without access to kitchen facilities, snacks must be offered at least once per day. Snacks are not considered to be meals for the purposes of _____ the time between meals. (g) Food must be served attractively at safe and palatable temperatures. All residents must be encouraged to eat at tables in the dining areas. A supply of eating ware sufficient for all residents, including adaptive equipment if needed by any resident, must be on _____. (h) A 3-day supply of nonperishable food, based on the number of weekly meals the facility has _____ with residents to serve, must be on _____ at all times. The quantity must be based on the resident census and not on licensed capacity. The supply must consist of foods that can be	A 093
