Therefore, in addition to the requirements of part II of chapter 408, whenever a facility is sold or the ownership thereof is transferred, including leasing: (1) The transferee shall notify the residents, in writing, of the change of ownership within 7 days after receipt of the new license. This Statute or Rule is not met as evidenced by: Based on interview and record review, it was determined the new owner of the facility failed to notify each resident in writing of the manner in which the transferee is holding the resident's funds, for 21 out of 21 sampled residents. Specifically; the name and address of the depository where the funds are being held, the amount held, and type of funds credited . The Findings Include: Record reviews of resident files were conducted. It was noted, that there was a notification of a new owner of the facility in the resident files. On at approximately 3:05 PM, the Administrator was questioned on how residents were made aware of how their funds were being held. At this time, the Assistant Administrator stated staff verbally told residents that the new owners have agreed to continue to use the same account and no changes have been made, as evidence of failure to notify each resident in writing. On at approximately 5:00 PM, an interview was conducted with the Administrator and Assistant Administrator. They acknowledged the findings and provided no additional documentation for review. Residents shall be encouraged to participate in social, recreational, educational and other activities within the facility and the community. (a) The facility must provide an ongoing activities program. The program must provide diversified individual and group activities in keeping with each resident's needs, abilities, and interests. (b) The facility must consult with the residents in selecting, planning, and scheduling activities. The facility must demonstrate residents' participation through one or more of the following methods: resident meetings, committees, a resident council, a monitored suggestion box, group discussions, questionnaires, or any other form of communication appropriate to the size of the facility. (c) Scheduled activities must be available at least 6 days a week for a total of not less than 12 hours per week. Watching television is not an activity for the purpose of meeting the 12 hours per week of scheduled activities unless the television program is a special one-time event of special interest to residents of the facility. A facility whose residents choose to attend day programs conducted at adult day care centers, senior centers, mental health centers, or other day programs may count those attendance hours towards the required 12 hours per week of scheduled activities. An activities calendar must be posted in common areas where residents normally congregate. (d) If residents assist in planning a special activity such as an outing, seasonal festivity, or an excursion, up to 3 hours may be counted toward the required activity time.	A 026

Details regarding how resources will be shared and any necessary movement of residents must be clearly described in the emergency power plan. c. A multistory facility, whose comprehensive emergency management plan is to move residents to a higher floor during a flood or surge event, must place its alternative power source and all necessary additional equipment so it can safely operate in a location protected from flooding or storm surge damage. (b) The acquisition of sufficient fuel, and safe maintenance of that fuel at the facility, to ensure that in the event of the loss of primary electrical power there is sufficient fuel available for the alternate power source to maintain temperatures at or below 81 degrees Fahrenheit for a minimum of ninety-six (96) hours after the loss of primary electrical power during a declared state of emergency. The plan must include information regarding fuel source and fuel storage. 1. Facilities must store minimum amounts of fuel onsite as follows: a. A facility with a licensed capacity of 16 beds or less must store 48 hours of fuel onsite. b. A facility with a licensed capacity of 17 or more beds must store 72 hours of fuel onsite. 2. An assisted living facility located in an area in a declared state of emergency area pursuant to section 252.36, F.S. that may impact primary power delivery must secure ninety-six (96) hours of fuel. The assisted living facility may utilize portable fuel storage containers for the remaining fuel necessary for ninety-six (96) hours during the period of a declared state of emergency. 3. Piped natural gas is an allowable fuel source and meets the onsite fuel supply requirements under this rule.	A 200
