Findings Included: During an observation of the medication pass with Staff D (an unlicensed Medication Technician) for Resident #10, conducted on at 11:15am, Staff D assisted Resident #10 with the resident's prescribed medication . 50 milligrams (mg). Staff D popped out the medication at the medication cart into a medication cup. Resident #10 was not present at the medication cart. Staff D placed the pill pack in the medication cart and carried the medication cup and a cup of water to the television area where the resident was sitting and handed the medication cup with the pill in it and the cup of water to the resident. Staff D stated to Resident #10 the name of the medication by memory as Staff D did not have the medication pill pack with her to read the medication label to Resident #10. During an interview with the Health Care Director (HCD), conducted on at 02:15pm, the HCD stated that the expectation for Medication Technicians was to assist with medication according to their training; to read the medication labels to the residents; and, to pop out pills in front of the residents.
