(6) Any resident accepted in a facility and placed by the department or the Department of Children and Families shall have been examined by medical personnel within 30 days before placement in the facility. The examination shall include an assessment of the appropriateness of placement in a facility. The findings of this examination shall be recorded on the examination form provided by the agency. The completed form shall accompany the resident and shall be submitted to the facility owner or administrator. Additionally, in the case of a mental health resident, the Department of Children and Families must provide documentation that the individual has been assessed by a psychiatrist, clinical psychologist, clinical social worker, or nurse, or an individual who is supervised by one of these professionals, and determined to be appropriate to reside in an assisted living facility. The documentation must be in the facility within 30 days after the mental health resident has been admitted to the facility. An evaluation completed upon discharge from a state mental hospital meets the requirements of this subsection related to appropriateness for placement as a mental health resident providing it was completed within 90 days prior to admission to the facility. The applicable department shall provide to the facility administrator any information about the resident that would help the administrator meet his or her responsibilities under subsection (1). Further, department personnel shall explain to the facility operator any special needs of the resident and advise the operator whom to call should problems arise. The applicable department shall advise and assist the	A 008

A 162	Continued From page 15 retained for 5 years, all resident records must be retained for 2 years following the departure of a resident from the facility unless it is required by contract to retain the records for a longer period of time. Upon request, residents must be provided with a copy of their records upon departure from the facility. (r) Additional resident records requirements for facilities holding a limited mental health, extended congregate care, or limited nursing services license are provided in rules 59A-36.020, 59A-36.021 and 59A-36.022, F.A.C., respectively. This Statute or Rule is not met as evidenced by: Based on record review and interview, the facility failed to obtain a signed informed consent form that indicated whether the unlicensed staff would or would not be supervised by a nurse for 2 of 2 sampled residents (#1 & #2) who received assistance with the supervision of self-administered medications from unlicensed staff. Findings: Record reviews for residents #1 and #2 revealed that assistance with self-administration of medications was required. Further review of the records for residents #1 and #2 revealed there were signed informed consent forms in the records. The section that indicated whether the unlicensed staff would or would not be supervised by a nurse, was not checked, both boxes on the form were left blank for both residents #1 and #2. On at 2:15 PM, the administrator confirmed the findings. Class III	A 162

A 200 SS=D	59A-36.025 FAC Emergency Environmental Control 59A-36.025 Emergency Environmental Control for Assisted Living Facilities. (1) DETAILED EMERGENCY ENVIRONMENTAL CONTROL PLAN. Each assisted living facility shall prepare a detailed plan ("plan") to serve as a supplement to its Comprehensive Emergency Management Plan, to address emergency environmental control in the event of the loss of primary electrical power in that assisted living facility which includes the following information: (a) The acquisition of a sufficient alternate power source such as a generator(s), maintained at the assisted living facility, to ensure that current licensees of assisted living facilities will be equipped to ensure air temperatures will be maintained at or below 81 degrees Fahrenheit for a minimum of ninety-six (96) hours in the event of the loss of primary electrical power. 1. The required temperature must be maintained in an area or areas, determined by the assisted living facility, of sufficient size to maintain residents safely at all times and that is appropriate for resident care needs and life safety requirements. For planning purposes, no less than twenty (20) net square per resident must be provided. The assisted living facility may use eighty percent (80%) of its licensed bed capacity as the number of residents to be used in the to determine the required square footage. This may include areas that are less than the entire assisted living facility if the assisted living facility's comprehensive emergency management plan includes allowing a resident to congregate when he or she desires in portions of the building where temperatures will be maintained and includes procedures for	A 200
