A 030	Continued From page 6 At 11:05 a.m. a review of the maintenance work order log revealed that none of the work orders were about resident #4's air conditioner. At 12:13 p.m. the maintenance director used a . . . temp gun in resident #4's room and the gun read 78.9 degrees. The receptionist said the resident told her that his room was very hot, and he wanted someone to check it. She said she told both the maintenance director and the administrator, but she could not remember the date. She said the resident told her again on . . . and she told him she already let maintenance know. When asked for documentation of his concern, the receptionist said, "I don't write this stuff down." At 12:35 p.m. the administrator said she did not know the resident was having trouble with his air conditioner. The director of nursing (DON) said she learned of the resident's concern on . . . and she instructed caregivers A and B to place a spot cooler in the resident's room however, the cooler was in the front lobby. The DON believed that if it was there then the resident refused to use it. The resident said he never refused the cooler and said it wasn't installed on the 27th because his . . . board was positioned in front of the only window, which was where the exhaust tube had to be placed, so the caregivers did not install it. Observations revealed his headboard was positioned that way. At 12:40 p.m. caregiver A said she and caregiver B took the cooler to the resident's room on . . . but when he was told his bed would have to be moved, he refused the cooler, said he had a fan and that he would be fine. Caregiver A said she reported the resident's refusal to both the	A 030
