A 053 SS=D	59A-36.008(4) FAC Medication - Administration (4) MEDICATION ADMINISTRATION. (a) For facilities that provide medication administration, a staff member licensed to administer medications must be available to administer medications in accordance with a health care provider's order or prescription label. (b) Unusual reactions to the medication or a significant change in the resident's health or behavior that may be caused by the medication must be documented in the resident's record and reported immediately to the resident's health care provider. The contact with the health care provider must also be documented in the resident's record. (c) Medication administration includes conducting any examination or other procedure necessary for the proper administration of medication that the resident cannot conduct personally and that can be performed by licensed staff. (d) A facility that performs clinical laboratory tests for residents, including testing, must be in compliance with the federal Clinical Laboratory Improvement Amendments of 1988 (CLIA) and chapter 483, part I, F.S. A valid copy of the State Clinical Laboratory License, if required, and the federal CLIA Certificate must be maintained in the facility. A state license or federal CLIA certificate is not required if residents perform the test themselves or if a third party assists residents in performing the test. The facility is not required to maintain a State Clinical	A 053

A 053	Continued From page 1 Laboratory License or a federal CLIA Certificate if facility staff assist residents in performing clinical laboratory testing with the residents' equipment. Information about the State Clinical Laboratory License and federal CLIA Certificate is available from the Laboratory Unit, Agency for Health Care Administration, 2727 Mahan Drive, Mail Stop 32, Tallahassee, FL 32308; telephone (850)412-4500. This Statute or Rule is not met as evidenced by: Based on observation, record review and interview the facility failed to ensure that only a licensed health care provider administered medication to one of 12 sample residents (# 1). Findings included: Resident record review revealed that Resident # 1 required total assistance with activities of daily living, assistance with self-administration of medication, and was under hospice services since Personnel record review revealed that Staff B was not licensed to administer medications. On at 8:35 AM observed Staff B given the medications to the resident in her He asked the resident to hold the cup, but the resident was not able to assist. On at 8:37 AM the Administrator stated that he will talk to hospice to come administer the medication to the resident. Class III	A 053
