CZ824 SS=C	408.811 FS; 59A-35.120 FAC Right of Inspection; Inspection Reports 408.811 Right of inspection; copies; inspection reports; plan for correction of deficiencies.- (1) An authorized officer or employee of the agency may make or cause to be made any inspection or investigation deemed necessary by the agency to determine the state of compliance with this part, authorizing statutes, and applicable rules. The right of inspection extends to any business that the agency has reason to believe is being operated as a provider without a license, but inspection of any business suspected of being operated without the appropriate license may not be made without the permission of the owner or person in charge unless a warrant is first obtained from a circuit court. Any application for a license issued under this part, authorizing statutes, or applicable rules constitutes permission for an appropriate inspection to verify the information submitted on or in connection with the application. (a) All inspections shall be unannounced, except as specified in s. 408.806. (b) Inspections for relicensure shall be conducted biennially unless otherwise specified by this section, authorizing statutes, or applicable rules. (c) The agency may exempt a low-risk provider from a licensure inspection if the provider or a controlling interest has an excellent regulatory history with regard to deficiencies, sanctions, complaints, or other regulatory actions as defined in agency rule. The agency must conduct unannounced licensure inspections on at least 10 percent of the exempt low-risk providers to verify regulatory compliance. (d) The agency may adopt rules to waive any inspection, including a relicensure inspection, or grant an extended time period between relicensure inspections based upon:	CZ824

A 160 SS=D	59A-36.015(1) FAC Records - Facility The facility must maintain required records in a manner that makes such records readily available at the licensee's physical address for review by a legally authorized entity. If records are maintained in an electronic format, facility staff must be readily available to access the data and produce the requested information. For purposes of this section, "readily available" means the ability to immediately produce documents, records, or other such data, either in electronic or paper format, upon request. (1) FACILITY RECORDS. Facility records must include: (a) The facility's license displayed in a conspicuous and public place within the facility. (b) An up-to-date admission and discharge log listing the names of all residents and each resident's: 1. Date of admission, the facility or place from which the resident was admitted, and if applicable, a notation indicating that the resident was admitted with a _____; and 2. Date of discharge, reason for discharge, and identification of the facility or home address to which the resident was discharged. Readmission of a resident to the facility after discharge requires a new entry in the log. Discharge of a resident is not required if the facility is holding a bed for a resident who is out of the facility but intending to return pursuant to rule 59A-36.018, F.A.C. If the resident dies while in the care of the facility, the log must indicate the date of _____. A 167	Continued From page 9 shall be provided with a duplicate original thereof, and the licensee shall keep on file in the facility all such contracts. The licensee may not destroy or otherwise dispose of any such contract until 5 years after its expiration. (2) Each contract must contain express provisions specifically setting forth the services and accommodations to be provided by the facility; the rates or charges; provision for at least 30 days' written notice of a rate increase; the rights, duties, and _____ of the residents, other than those specified in s. 429.28; and other matters that the parties deem appropriate. A new service or accommodation added to, or implemented in, a resident's contract for which the resident was not previously charged does not require a 30-day written notice of a rate increase. Whenever money is deposited or advanced by a resident in a contract as security for performance of the contract agreement or as advance rent for other than the next immediate rental period: (a) Such funds shall be deposited in a banking institution in this state that is located, if possible, in the same community in which the facility is located; shall be kept separate from the funds and property of the facility; may not be represented as part of the assets of the facility on financial statements; and shall be used, or otherwise expended, only for the account of the resident. (b) The licensee shall, within 30 days of receipt of advance rent or a security deposit, notify the resident or residents in writing of the manner in which the licensee is holding the advance rent or security deposit and state the name and address of the depository where the moneys are being held. The licensee shall notify residents of the facility's policy on advance deposits.	A 167

A 200	Continued From page 12 (1) DETAILED EMERGENCY ENVIRONMENTAL CONTROL PLAN. Each assisted living facility shall prepare a detailed plan ("plan") to serve as a supplement to its Comprehensive Emergency Management Plan, to address emergency environmental control in the event of the loss of primary electrical power in that assisted living facility which includes the following information: (a) The acquisition of a sufficient alternate power source such as a generator(s), maintained at the assisted living facility, to ensure that current licensees of assisted living facilities will be equipped to ensure air temperatures will be maintained at or below 81 degrees Fahrenheit for a minimum of ninety-six (96) hours in the event of the loss of primary electrical power. 1. The required temperature must be maintained in an area or areas, determined by the assisted living facility, of sufficient size to maintain residents safely at all times and that is appropriate for resident care needs and life safety requirements. For planning purposes, no less than twenty (20) net square per resident must be provided. The assisted living facility may use eighty percent (80%) of its licensed bed capacity as the number of residents to be used in the to determine the required square footage. This may include areas that are less than the entire assisted living facility if the assisted living facility's comprehensive emergency management plan includes allowing a resident to congregate when he or she desires in portions of the building where temperatures will be maintained and includes procedures for monitoring residents for signs of heat related injury as required by this rule. This rule does not prohibit a facility from acting as a receiving provider for evacuees when the conditions stated in section 408.821, F.S. and subsection	A 200
