A 052	Continued From page 3 make available such items as water, juice, cups, and spoons. Trained staff may also return unused doses to the medication container. Medication, which appears to have been contaminated, must not be returned to the container. (d) Trained staff must observe the resident take the medication. Any concerns about the resident's reaction to the medication or suspected noncompliance must be reported to the resident's health care provider and documented in the resident's record. (e) When a resident who receives assistance with medication is away from the facility and from facility staff, the following options are available to enable the resident to take medication as prescribed: 1. The health care provider may prescribe a medication schedule that coincides with the resident's presence in the facility, 2. The medication container may be given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, 3. The medication may be transferred to a pill organizer pursuant to the requirements of subsection (2), and given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, or 4. Medications may be separately prescribed and dispensed in an easier to use form, such as unit dose packaging. (f) Assistance with self-administration of medication does not include the activities detailed in section 429.256(4), F.S. 1. As used in section 429.256(4)(g), F.S., the term "competent resident" means that the resident is cognizant of when a medication is required and understands the purpose for taking	A 052

A 052	Continued From page 4 the medication. 2. As used in section 429.256(4)(h), F.S., the terms "judgment" and "discretion" mean interpreting vital signs and evaluating or assessing a resident's condition. (g) All trained staff must adhere to the facility's _____ control policy and procedures when assisting with the self-administration of medication. This Statute or Rule is not met as evidenced by: Based on observation, record review and interview, the facility failed to ensure proper assistance with self-administration of medications (meds) according to the required steps in 429.256 Florida Statutes for three (Residents # 1, #2, and #3) of three sample residents that required assistance with self-administration of medications. Finding include: During an observation of med pass on _____ at 09:50am with Staff F (an unlicensed Medication Technician), Staff F signed the Medication Observation Record prior to dispensing and providing the meds to Residents #1, #2, and #3. Staff F did not read the name of the meds or the doses of the meds out loud to Residents #1, #2, and #3 from the med labels. Staff F was hired on _____. A record review of the facility's undated med policy entitled Medication Administration, the policy did not address standards of procedure for assistance with self-administration of meds. During an interview with the Regional Director,	A 052
