(h) Medications for which the time of administration, the amount, the strength of dosage, the method of administration, or the reason for administration requires judgment or discretion on the part of the unlicensed person. (5) Assistance with the self-administration of medication by an unlicensed person as described in this section shall not be considered administration as defined in s. 465.003. 59A-36.008 (3) ASSISTANCE WITH SELF-ADMINISTRATION. (a) Any unlicensed person providing assistance with self-administration of medication must be _____ or older, trained to assist with self administered medication pursuant to the training requirements of rule 59A-36.011, F.A.C., and must be available to assist residents with self-administered medications in accordance with procedures described in section 429.256, F.S. and this rule. (b) In addition to the specifications of section 429.256(3), F.S., assistance with self-administration of medication includes, in the presence of the resident, reading the medication label aloud and verbally prompting a resident to take medications as prescribed. (c) In order to facilitate assistance with self-administration, trained staff may prepare and make available such items as water, juice, cups, and spoons. Trained staff may also return unused doses to the medication container. Medication, which appears to have been contaminated, must not be returned to the container.	A 052

A 052	Continued From page 3 (d) Trained staff must observe the resident take the medication. Any concerns about the resident's reaction to the medication or suspected noncompliance must be reported to the resident's health care provider and documented in the resident's record. (e) When a resident who receives assistance with medication is away from the facility and from facility staff, the following options are available to enable the resident to take medication as prescribed: 1. The health care provider may prescribe a medication schedule that coincides with the resident's presence in the facility, 2. The medication container may be given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, 3. The medication may be transferred to a pill organizer pursuant to the requirements of subsection (2), and given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, or 4. Medications may be separately prescribed and dispensed in an easier to use form, such as unit dose packaging. (f) Assistance with self-administration of medication does not include the activities detailed in section 429.256(4), F.S. 1. As used in section 429.256(4)(g), F.S., the term "competent resident" means that the resident is cognizant of when a medication is required and understands the purpose for taking the medication. 2. As used in section 429.256(4)(h), F.S., the terms "judgment" and "discretion" mean interpreting vital signs and evaluating or assessing a resident's condition.	A 052

A 052	Continued From page 4 (g) All trained staff must adhere to the facility's control policy and procedures when assisting with the self-administration of medication. This Statute or Rule is not met as evidenced by: Based on observation and interview, the facility failed to ensure that all staff followed all required steps with respect to assisting three of three sampled residents (Residents #5, #7, and # 8) with their self-administration of medications, as described in section 429.256, F.S. Findings included: From approximately 12:10pm to 12:30pm on , the following was observed: The Administrator brought Resident #5 eight medications placed each tablet into the resident's and provided the resident with a small glass of water. While Resident #5 was taking the medications, the Administrator turned away and documented in the medication observation record (MOR) as having assisted with. However, she did not actually observe Resident #5 take any of the pills. The same thing occurred with Resident #7. The Administrator brought the , , 25-100mg, and 500mg. Again, the Administrator completed all steps except observing the resident actually consuming the drugs. Finally, the Administrator gave Resident #8 her , 300mg and 5mg. Again, the Administrator failed to watch the resident consume the medication. Interview with the Administrator at 2pm on	A 052
