{A 052}	Continued From page 4 interpreting vital signs and evaluating or assessing a resident's condition. (g) All trained staff must adhere to the facility's control policy and procedures when assisting with the self-administration of medication. This Statute or Rule is not met as evidenced by: Based on observation and interview, the facility failed to ensure medications for residents who received assistance with self-administration of medication were properly managed for 4 of 5 residents of the facility. The findings include: At 8:55 AM on Employee A, caregiver, was observed assisting with medication. Employee A took a medicine cup that was prefilled with medications out of the medication cart and took to Resident #5. The medications included: 4.6 mg patch (directions were to remove the old patch and apply the new one), D3 500 milligrams (mg.) (directions were for one daily), 25 mg (directions were one everyday), 10 mg (directions were one twice a day), and Curamed (directions were one every morning and at night.) An interview was conducted with Employee A, caregiver, at 8:59 AM on She reported the employee that left this morning prefilled the cups with medications. The prefilled cups for the other 3 residents were also observed in the top of the medication cart. The Operations Manager explained that they should not use prefilled cups of medication and medications should be pulled from the pharmacy's containers when assisting	{A 052}

For purposes of this subsection, the term over the counter includes, but is not limited to, over the counter medications, ..., nutritional supplements and nutraceuticals, hereafter referred to as OTC products, that can be sold without a prescription. (a) A facility may keep a stock supply of OTC products for multiple resident use. When providing any OTC product that is kept by the facility as a stock supply to a resident, the staff member providing the medication must record the name and amount of the OTC product provided in the resident's medication observation record. All OTC products kept as a stock supply must be stored in a locked container or secure room in a central location within the facility and must be labeled with the medication's name, the date of purchase, and with a notice that the medication is part of the facility's stock supply. (b) OTC products, including those prescribed by a health care provider but excluding those kept as a stock supply by the facility, must be labeled with the resident's name and the manufacturer's label with directions for use, or the health care provider's directions for use. No other labeling requirements are required. (c) Residents or their representatives may purchase OTC products from an establishment of their choice. (d) A health care provider's order is required when a nurse provides assistance with	{A 057}
