A 057 SS=D	59A-36.008(8) FAC Medication - Over The Counter (OTC) Products (8) OVER THE COUNTER (OTC) PRODUCTS. For purposes of this subsection, the term over the counter includes, but is not limited to, over the counter medications, . . . , nutritional supplements and nutraceuticals, hereafter referred to as OTC products, that can be sold without a prescription. (a) A facility may keep a stock supply of OTC products for multiple resident use. When providing any OTC product that is kept by the facility as a stock supply to a resident, the staff member providing the medication must record the name and amount of the OTC product provided in the resident's medication observation record. All OTC products kept as a stock supply must be stored in a locked container or secure room in a central location within the facility and must be labeled with the medication's name, the date of purchase, and with a notice that the medication is part of the facility's stock supply. (b) OTC products, including those prescribed by a health care provider but excluding those kept as a stock supply by the facility, must be labeled with the resident's name and the manufacturer's label with directions for use, or the health care provider's directions for use. No other labeling requirements are required. (c) Residents or their representatives may purchase OTC products from an establishment of their choice. (d) A health care provider's order is required	A 057

A 057	Continued From page 1 when a nurse provides assistance with self-administration or administration of OTC products. When an order for an OTC product exists, the order must meet the requirements of paragraphs (b) and (c) of this subsection. A health care provider's order for OTC products is not required when a resident self-administers his or her medications, or when unlicensed staff provides assistance with self-administration of medications. This Statute or Rule is not met as evidenced by: Based on interviews, record review and observation the facility failed to properly label a physician prescribed order for over the counter medication with the residents name, dosage and directions for use for 1 of 1 resident (#1). Findings: In a record review of Resident#1's 1823, it revealed the resident requires assistance with self administration of medication. In further review of Resident#1's Medication Observation Record (MORs) it confirmed the resident has a physician ordered prescription to take 1 tablet daily of 1000 mg. During a med pass observation on at 12pm for Resident#1, it revealed that Staff#1 unlocked the med cart and took out a unnamed plastic bag containing Resident#1's over the counter medication of Nature's Bounty and 2500 mcg, 1 tab daily. The medication did not have the resident's name or directions for use. In an interview with Staff#1 on at 12:30pm, she stated she was unaware the difference of the 2500 mg tablet and the MORs	A 057
