Any concerns about the resident's reaction to the medication or suspected noncompliance must be reported to the resident's health care provider and documented in the resident's record. (e) When a resident who receives assistance with medication is away from the facility and from facility staff, the following options are available to enable the resident to take medication as prescribed: 1. The health care provider may prescribe a medication schedule that coincides with the resident's presence in the facility. 2. The medication container may be given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record. 3. The medication may be transferred to a pill organizer pursuant to the requirements of subsection (2), and given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, or 4. Medications may be separately prescribed and dispensed in an easier to use form, such as unit dose packaging. A 052	Continued From page 4 assessing a resident's condition. (g) All trained staff must adhere to the facility's control policy and procedures when assisting with the self-administration of medication. This Statute or Rule is not met as evidenced by: Based on observation and interview, the facility failed to ensure the unlicensed staff (I) who assisted a resident (#9) with self-administration of medications followed the correct procedures. Findings: Observations made during a medication pass for resident #9 at 9:00am on revealed the unlicensed administrator (staff I) unlocked the med cart that was located in the hallway on the 2nd floor. She then removed the medication from the bubble wrap package. She popped the pill from the bubble wrap package into a cup and brought the cup of medication to the resident room. Staff I did not take the medication, in its previously dispensed, properly labeled container, from where it was stored and bring it to the resident. Staff I did not in the presence of the resident read the label of the medication to be given. Staff I confirmed the findings immediately following the med pass. Class III	A 052
