A1300	Continued From page 9 DEM Order 20-006 to providers, and on _____, issued an alert notifying nursing homes that all staff or other individuals admitted to a residential facility must don _____ masks and that caregivers must wear gloves when providing resident care. While the treatment and management of residents with _____ and the implementation of isolation precautions for such events are a long-standing health care issues faced by residential facilities, the ease of contagion and the effects of _____ presented by COVID-19 mandate that providers exert meticulous practice and procedure to identify resident symptoms and take immediate _____ procedures to both assure appropriate treatment of a potentially resident and protect the remainder of a facility's population from the risk of spread of the _____. Observations made on _____ at 9:45 a.m. revealed both caregiver A and caregiver B were in the facility providing assistance to the residents. In addition, when the surveyor entered the facility, caregiver A checked the surveyor's temperature then asked, "have you traveled in the last 14 days or do you feel sick?" No additional questions were asked. When questioned further, she said someone from the health department, she could not remember who, told her those two questions were sufficient to ask during the screening process. On _____ at 10:05 a.m. a request was made to review the completed screenings for the staff. Caregiver A said only staff temperatures were checked and no additional screening was conducted.
