A 000	Initial Comments A re-licensure survey , Control and Generator monitoring was conducted on /2021at Generations on the Beach Assisted Living, Indialantic. A deficiency was found at the time of the visit.	A 000		
A 056 SS=D	59A-36.008(7) FAC Medication - Labeling and Orders (7) MEDICATION LABELING AND ORDERS. (a) The facility may not store prescription drugs for self-administration, assistance with self-administration, or administration unless they are properly labeled and dispensed in accordance with chapters 465 and 499, F.S., and rule 64B16-28.108, F.A.C. If a customized patient medication package is prepared for a resident, and separated into individual medicinal drug containers, then the following information must be recorded on each individual container: 1. The resident's name; and, 2. The identification of each medicinal drug in the container. (b) Except with respect to the use of pill organizers as described in subsection (2), no individual other than a pharmacist may transfer medications from one storage container to another. (c) If the directions for use are "as needed" or "as directed," the health care provider must be contacted and requested to provide revised instructions. For an "as needed" prescription, the circumstances under which it would be appropriate for the resident to request the medication and any limitations must be specified; for example, "as needed for , . . . not to exceed 4 tablets per day." The revised instructions, including the date they were obtained from the health care provider and the signature of the staff	A 056

A 056	Continued From page 1 who obtained them, must be noted in the medication record, or a revised label must be obtained from the pharmacist. (d) Any change in directions for use of a medication that the facility is administering or providing assistance with self-administration must be accompanied by a written, faxed, or electronic copy of a medication order issued and signed by the resident's health care provider. The new directions must promptly be recorded in the resident's medication observation record. The facility may then obtain a revised label from the pharmacist or place an "alert" label on the medication container that directs staff to examine the revised directions for use in the medication observation record. (e) A nurse may take a medication order by telephone. Such order must be promptly documented in the resident's medication observation record. The facility must obtain a written medication order from the health care provider within 10 working days. A faxed or electronic copy of a signed order is acceptable. (f) The facility must make every reasonable effort to ensure that prescriptions for residents who receive assistance with self-administration of medication or medication administration are filled or refilled in a timely manner. (g) Pursuant to section 465.0276(5), F.S., and rule 61N-1.006, F.A.C., sample or complimentary prescription drugs that are dispensed by a health care provider, must be kept in their original manufacturer's packaging, which must include the practitioner's name, the resident's name for whom they were dispensed, and the date they were dispensed. If the sample or complimentary prescription drugs are not dispensed in the manufacturer's labeled package, they must be kept in a container that bears a label containing	A 056

A 056	Continued From page 2 the following: 1. Practitioner's name, 2. Resident's name, 3. Date dispensed, 4. Name and strength of the drug, 5. Directions for use; and, 6. Expiration date. (h) Pursuant to section 465.0276(2)(c), F.S., before dispensing any sample or complimentary prescription drug, the resident's health care provider must provide the resident with a written prescription, or a faxed or electronic copy of such order. This Statute or Rule is not met as evidenced by: Based on record review and interviews the facility failed to ensure that a physician ordered prescription for 1 of 3 residents (#1) was refilled in a timely manner. Findings: In a record review on _____ of Resident #3's 1823, confirmed the resident requires assistance with self-administration of medication. In an additional review of Resident #3's Medication Observation Record (MORs), revealed the resident required the physician ordered medication _____ 75 mg 2 times per day at 8am and 8pm. The 8am dosage on the MORs was marked out. During a Med Pass observations on _____ with Staff A and Resident #3, Staff A confirmed the prescription for _____ 75 mg was not reordered in time and therefore the resident did not receive the 8am dosage, and she could not do the med pass at this time. She confirmed she ordered the medication this morning and was not sure when the medication would be delivered	A 056
