A 052	Continued From page 3 which appears to have been contaminated, must not be returned to the container. (d) Trained staff must observe the resident take the medication. Any concerns about the resident's reaction to the medication or suspected noncompliance must be reported to the resident's health care provider and documented in the resident's record. (e) When a resident who receives assistance with medication is away from the facility and from facility staff, the following options are available to enable the resident to take medication as prescribed: 1. The health care provider may prescribe a medication schedule that coincides with the resident's presence in the facility, 2. The medication container may be given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, 3. The medication may be transferred to a pill organizer pursuant to the requirements of subsection (2), and given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, or 4. Medications may be separately prescribed and dispensed in an easier to use form, such as unit dose packaging. (f) Assistance with self-administration of medication does not include the activities detailed in section 429.256(4), F.S. 1. As used in section 429.256(4)(g), F.S., the term "competent resident" means that the resident is cognizant of when a medication is required and understands the purpose for taking the medication. 2. As used in section 429.256(4)(h), F.S., the terms "judgment" and "discretion" mean	A 052

A 052	Continued From page 4 interpreting vital signs and evaluating or assessing a resident's condition. (g) All trained staff must adhere to the facility's control policy and procedures when assisting with the self-administration of medication. This Statute or Rule is not met as evidenced by: Based on observation and interview, the facility failed to follow the procedures for assistance with self-administration of medications for five (Residents #7, #8, #10, #11, and #12) of five sampled. Findings included: During a medication pass observation conducted on Staff B, an unlicensed staff, was observed dispensing the medication at the medication cart into a cup, putting the medication card in the draw and walking to the resident's room or to the dining room and handing the cup to Resident's #7, #8, #10, #11 and #12. During an interview with Administrator conducted on at 1:23PM he confirmed that a medication being given to a resident would by a med tech would be removed from the package in front of the resident. The medication should not be put in a cup at the medication cart and taken to the resident. An interview with Staff B was conducted on at 3:00PM, she confirmed that she did remove the medication from the card at the cart and put in a cup and walk the medication to the residents.	A 052
