A 055	Continued From page 14 being stored pursuant to such a request; 3. The medication is determined and documented by the health care provider to be hazardous if kept in the personal possession of the person for whom it is prescribed; 4. The resident fails to maintain the medication in a safe manner as described in this paragraph; 5. The facility determines that, because of physical arrangements and the conditions or habits of residents, the personal possession of medication by a resident poses a safety hazard to other residents, or 6. The facility's rules and regulations require central storage of medication and that policy has been provided to the resident before admission as required in rule 59A-36.006, F.A.C. (c) Centrally stored medications must be: 1. Kept in a locked cabinet; locked cart; or other locked storage receptacle, room, or area at all times; 2. Located in an area free of dampness and abnormal temperature, except that a medication requiring refrigeration must be kept refrigerated. Refrigerated medications must be secured by being kept in a locked container within the refrigerator, by keeping the refrigerator locked, or by keeping the area in which the refrigerator is located locked; 3. Accessible to staff responsible for filling pill-organizers, assisting with self-administration of medication, or administering medication. Such staff must have ready access to keys or codes to the medication storage areas at all times; and, 4. Kept separately from the medications of other residents and properly closed or sealed. (d) Medication that has been discontinued but has not expired must be returned to the resident or the resident's representative, as appropriate, or may be centrally stored by the facility for future	A 055

A 055	Continued From page 15 use by the resident at the resident's request. If centrally stored by the facility, the discontinued medication must be stored separately from medication in current use, and the area in which it is stored must be marked "discontinued medication." Such medication may be reused if prescribed by the resident's health care provider. (e) When a resident's stay in the facility has ended, the administrator must return all medications to the resident, the resident's family, or the resident's guardian unless otherwise prohibited by law. If, after notification and waiting at least 15 days, the resident's medications are still at the facility, the medications are considered abandoned and may be disposed of in accordance with paragraph (f). (f) Medications that have been abandoned or have expired must be disposed of within 30 days of being determined abandoned or expired and the disposal must be documented in the resident's record. The medication may be taken to a pharmacist for disposal or may be destroyed by the administrator or designee with one witness. (g) Facilities that hold a Special-ALF permit issued by the Board of Pharmacy may return dispensed medicinal drugs to the dispensing pharmacy pursuant to rule 64B16-28.870, F.A.C. This Statute or Rule is not met as evidenced by: Based on observation and interview, the facility failed to ensure all medications were kept in a locked cabinet, locked cart, or other locked receptacles, room, or area at all times. Findings Include: Observation on _____ at 8:48 AM revealed a medication cabinet located next to the main door with an unlocked lock hinged on the side of the	A 055

A 200	Continued From page 28 b. Have an alternative power source and no less than ninety-six (96) hours of fuel stored onsite, within twenty-four (24) hours of the issuance of a state of emergency for the area of the assisted living facility. (d) Each new assisted living facility shall implement the plan required under this rule prior to obtaining a license. (e) Existing assisted living facilities that undergo any additions, modifications, alterations, refurbishment, renovations or reconstruction that require modification of the systems or equipment affecting the assisted living facility's compliance with this rule shall implement its amended plan concurrent with any such additions, modifications, alterations, refurbishment, renovations or reconstruction. (f) The Agency for Health Care Administration may request cooperation from the State Fire Marshal to conduct inspections to ensure implementation of the plan in compliance with this rule. (5) POLICIES AND PROCEDURES. (a) Each assisted living facility shall develop and implement written policies and procedures to ensure that the assisted living facility can effectively and immediately activate, operate and maintain the alternate power source and any fuel required for the operation of the alternate power source. The procedures shall ensure that residents do not experience complications from fluctuations in air temperatures inside the facility. Procedures must address the care of residents occupying the facility during a declared state of emergency, specifically, a description of the methods to be used to mitigate the potential for heat related injury including: 1. The use of cooling devices and equipment; 2. The use of refrigeration and freezers to	A 200

A 200	Continued From page 31 facility, observed a portable generator (model: WEN 11,000W Dual Fuel) in a shed located outside in patio and observed six 5-gallons of gasoline containers and one 15- propane tank. Further observation showed, all six gasoline containers were empty in addition to the empty propane tank. The facility had no fuel. A review of the facility's Emergency Power Plan (EPP) showed that the portable generator was expected to power the air conditioning, lights, and refrigeration. In an interview on at 10:33 AM, the Administrator stated, "One tank of propane will go for approximately six hours. I think I have 1 tank of propane and 1 gallon of gasoline. 1 gallon of gasoline will go for approximately 4 hours. Today I'll buy more". Class II	A 200
