{A 160} SS=D	59A-36.015(1) FAC Records - Facility The facility must maintain required records in a manner that makes such records readily available at the licensee's physical address for review by a legally authorized entity. If records are maintained in an electronic format, facility staff must be readily available to access the data and produce the requested information. For purposes of this section, "readily available" means the ability to immediately produce documents, records, or other such data, either in electronic or paper format, upon request. (1) FACILITY RECORDS. Facility records must include: (a) The facility's license displayed in a conspicuous and public place within the facility. (b) An up-to-date admission and discharge log listing the names of all residents and each resident's: 1. Date of admission, the facility or place from which the resident was admitted, and if applicable, a notation indicating that the resident was admitted with a [illegible]; and, 2. Date of discharge, reason for discharge, and identification of the facility or home address to which the resident was discharged. Readmission of a resident to the facility after discharge requires a new entry in the log. Discharge of a resident is not required if the facility is holding a bed for a resident who is out of the facility but intending to return pursuant to rule 59A-36.018, F.A.C. If the resident dies while in the care of the facility, the log must indicate the date of [illegible]. (c) A log listing the names of all temporary emergency placement and respite care residents if not included on the log described in paragraph (b). (d) The facility's emergency management plan, with documentation of review and approval by the county emergency management agency, as	{A 160}

Patient states he does not have [illegible] and therefore did not check [illegible] prior injecting [illegible]. Initially admitted to [illegible] due to left frontal hematoma, no acute [illegible] found...". According to Medline Medical Encyclopedia, "Generally, a [illegible] level between 80 and 110 milligrams (mg) per deciliter (dL) is in normal range. [illegible] below 70 mg/dL (3.9 mmol/L) (millimoles per liter) is considered low. [illegible] at or below this level can be harmful." According to the American [illegible] Association, "A low [illegible] level triggers the release of [illegible] ([illegible]), the "fight-or-flight" hormone. [illegible] is what can cause the symptoms of [illegible] such as thumping [illegible], sweating, tingling and [illegible]. If the [illegible] level continues to drop, the [illegible] does not get enough [illegible] and stops functioning as it should. This can lead to blurred vision, difficulty concentrating, [illegible] thinking, slurred speech, numbness, and drowsiness. If [illegible] stays low for too long, starving the [illegible] of [illegible], it may lead to [illegible], [illegible] and very rarely [illegible]." Review of Resident #84's chart and the facility's record showed no documentation that the resident's physician was contacted, or that recommendations were made to any health care provider that the resident needed to be reassessed to determine if he was still able to self-administer without assistance. There was no	{A 025}

{A 152}	Continued From page 43 and kept records of these. On . . . . . at 10:54 a.m., the Maintenance Director stated that he checked the doors to see if they are working properly. He further stated he didn't recall any injuries reported to him on . . . . . or . . . . . . He stated work orders go to him from TELS (a computer-based system) after the receptionist entered the maintenance request into TELS. On at 11:05 a.m., the Wellness Director stated that there was a paper that the clinical staff completed in order to get a maintenance request opened. She further stated that she didn't know if this request was completed on . . . . . or , and that the receptionist would have this information. Observation on at 12:00 p.m. revealed no gym on the fifth floor, however in the fourth floor 'gym' area there was an exercise bicycle with a petal that was broken and had jagged edges. Further observation found that the entire bicycle seat and . . . . were wrapped in black duct tape, and its handles were torn (photographic evidence obtained). On . . . . . at 12:08 p.m. Staff GGG (physical ,) stated she remembered the incident when Resident #100 acquired the . . . . . She stated Resident #100 was using the stationary bike in the fifth-floor , , ... , , area, didn't lift her , high enough, and tore the skin on her . . . On . . . . . at 12:15 p.m. Staff HHH (receptionist) stated that she entered work orders when residents, Certified Nursing Assistants (CNA), Medication Technicians or housekeeping	{A 152}

{A 152}	Continued From page 44 staff gave them to her. She said she did not remember hearing about 'this one', referring to the Resident #100 having gotten her [redacted] slammed in a door. She stated she saw Resident #100 every day and the resident never mentioned it. She further stated that if residents hurt their [redacted] on a facility door, the facility does not do anything about that. She stated that the kinds of issues residents reported were toilets clogged, lights out, locked doors, broken shower heads, refrigerators needed defrosting, batteries were needed for electronic devices, televisions weren't working, or something needed to be moved. Staff HHH stated that residents called about these and CNAs did also. 3) On [redacted] at 12:20 p.m. observation revealed Resident #100 seated in her wheelchair in the dining room. She stated that the door where her [redacted] was smashed was the door to enter the dining room. She said, "The door is very heavy.' She stated that she'd told staff about the incident. A review of maintenance work orders revealed no documentation of any evaluation of the dining room doors. On [redacted] during an exit conversation, the Administrator stated that he was not made aware of resident injury reports and that he should be. He also stated that he was not aware of the broken gym equipment on the fourth floor. Uncorrected Class III	{A 152}
