A 152	Continued From page 1 use. (e) Facilities must make available linens and personal laundry services for residents who require such services. Linens provided by a facility must be free of tears, stains and must not be . This Statute or Rule is not met as evidenced by: Based on observation, record review and interview, the facility failed to provide a safe living environment free of hazards and ensure that all existing architectural, mechanical, electrical and structural systems, and appurtenances were maintained in good working order. Findings including: Observation on at 11:00 AM showed part of the building roof was covered with a blue tarp. At 11:08 AM, observed a big hole on the ceiling in the common area. At 11:06 AM, observed a hole on the wall next to the fire control panel. A piece of the wall was cut and removed. On . . . . . at 11:06 AM, the owner stated, "I replaced the old fire panel to this new one. This one is smaller and could not fit in the spot of the old one; that's the reason you see this hole. You can see I have a new panel, new fire detector. They have not finished the job yet. The contractors is coming to repair it. On . . . . . at 11:08 AM, the administrator stated, "the reason for the blue tarp was because the house was leaking last week. I had a contractor come to cover the roof, and started to work on repairs inside the facility, like the ceiling. You can see how they cut this part, so they can repair it. They should finish by next weekend."	A 152
