CZ830	Continued From page 1 each provider must furnish or arrange for appropriate care and services to all clients. In addition, the agency may approve requests for overcapacity in excess of 15 days, which approvals may be based upon satisfactory justification and need as provided by the receiving and sending providers. (3)(a) An inactive license may be issued to a licensee subject to this section when the provider is located in a geographic area in which a state of emergency was declared by the Governor if the provider: 1. Suffered damage to its operation during the state of emergency. 2. Is currently licensed. 3. Does not have a provisional license. 4. Will be temporarily unable to provide services but is reasonably expected to resume services within 12 months. (b) An inactive license may be issued for a period not to exceed 12 months but may be renewed by the agency for up to 12 additional months upon demonstration to the agency of progress toward reopening. A request by a licensee for an inactive license or to extend the previously approved inactive period must be submitted in writing to the agency, accompanied by written justification for the inactive license, which states the beginning and ending dates of inactivity and includes a plan for the transfer of any clients to other providers and appropriate licensure fees. Upon agency approval, the licensee shall notify clients of any necessary discharge or transfer as required by authorizing statutes or applicable rules. The beginning of the inactive licensure period shall be the date the provider ceases operations. The end of the inactive period shall become the license expiration date, and all licensure fees must be current, must be paid in full, and may be	CZ830

CZ830	Continued From page 2 prorated. Reactivation of an inactive license requires the prior approval by the agency of a renewal application, including payment of licensure fees and agency inspections indicating compliance with all requirements of this part and applicable rules and statutes. (4) The agency may adopt rules relating to emergency management planning, communications, and operations. Licensees providing residential or inpatient services must utilize an online database approved by the agency to report information to the agency regarding the provider's emergency status, planning, or operations. This Statute or Rule is not met as evidenced by: Based on record review and interview the facility failed to ensure they submitted and secured approval of their Comprehensive Emergency Management Plan (CEMP) from the local Emergency Management Division. The findings included: On a request was made to the Administrator for the current CEMP approval letter. The Administrator provided the facility's CEMP binder containing their Comprehensive Emergency Management Plan. A review of the binder revealed a CEMP letter from the local Emergency Management Division dated with an approval through which had expired. In an interview with the Administrator on at 10:39 AM she stated the renewal was submitted but not approved yet. The Administrator provided this Surveyor an email from the local Emergency Management Division dated acknowledging receipt of	CZ830

CZ830	Continued From page 3 their CEMP submittal Plan. Further, review of the local Emergency Management Division's online database on indicated that on a First Notice of Deficiencies was sent to the provider from the local Emergency Management Division indicating the deficiencies identified in the CEMP that required correction and/or revision. The Administrator indicated in the interview that due to extenuating circumstances she had not submitted the corrections, thus verifying the facility did not have a current approved CEMP.
