{A 058}	Continued From page 1 58A-5.033(3) (3) EMPLOYMENT OF A CONSULTANT. (a) Medication Deficiencies. 1. If a class I, class II, or uncorrected class III deficiency directly relating to facility medication practices as established in Rule 58A-5.0185, F.A.C., is documented by the agency pursuant to an inspection of the facility, the agency must notify the facility in writing that the facility must employ or contract the services of a pharmacist licensed pursuant to Section 465.0125, F.S., or registered nurse as determined by the agency. 2. After developing and implementing a corrective action plan in compliance with Section 429.42(2), F.S., the initial on-site consultant visit must take place within 7 working days of the notice of the class I or II deficiency and within 14 working days of the notice of an uncorrected class III deficiency. The facility must have available for review by the agency a copy of the license of the consultant pharmacist or registered nurse and the consultant's signed and dated review of the corrective action plan no later than 10 working days subsequent to the initial on-site consultant visit. 3. The facility must provide the agency with, at a minimum, quarterly on-site corrective action plan updates until the agency determines after written notification by the consultant and facility administrator that deficiencies are corrected and staff has been trained to ensure that proper medication standards are followed and that such consultant services are no longer required. The agency must provide the facility with written notification of such determination. This Statute or Rule is not met as evidenced by: Based on observation, record review, and interview, the Facility failed to correct Class III	{A 058}

{A 058}	Continued From page 2 deficiencies related to medications as required and had new medication deficiencies. Findings Included: During a revisit to complaint investigation (complaint number: 2021004473), conducted on , revealed that the Facility failed to correct Class III medication deficiencies. Due to the uncorrected Class III deficiencies concerning the facility's medication practices, the facility shall be required to employ the consultation services of a licensed pharmacist or a registered nurse. The consultant shall at a minimum, provide onsite quarterly consultation until the inspection team from the agency determines that such consultation services are no longer required. This written statement serves as notification of the above stated requirement. During an interview with the Administrator and Regional Administrator, conducted on at 02:30pm, the Administrator and Regional Administrator verbalized understanding that the Facility must continue to employ or contract with a licensed Pharmacist or Registered Nurse Consultant for their uncorrected medication deficiencies. Class III	{A 058}
