A 000	Initial Comments An unannounced Relicensure with Extended Congregate Care (ECC) and Generator Monitoring survey was conducted on at Mary's Extreme Care. The facility had a deficiency identified related to the Relicensure at the time of the survey.	A 000		
A 052	429.256() ; 59A-36.008(3) Medication - Assistance with Self-Admin 429.256 (3) Assistance with self-administration of medication includes: (a) Taking the medication, in its previously dispensed, properly labeled container, including an _____ syringe that is prefilled with the proper dosage by a pharmacist and an _____ that is prefilled by the manufacturer, from where it is stored, and bringing it to the resident. (b) In the presence of the resident, confirming that the medication is intended for that resident, orally advising the resident of the medication name and dosage, opening the container, removing a prescribed amount of medication from the container, and closing the container. The resident may sign a written waiver to opt out of being orally advised of the medication name and dosage. The waiver must identify all of the medications intended for the resident, including names and dosages of such medications, and must immediately be updated each time the resident ' s medications or dosages change. (c) Placing an oral dosage in the resident ' s _____ or placing the dosage in another container and helping the resident by lifting the container to his or her _____. (d) Applying _____ medications. (e) Returning the medication container to proper storage.	A 052

A 052	Continued From page 2 prescriptive authority to be given "as needed," unless the order is written with specific parameters that preclude independent judgment on the part of the unlicensed person, and the resident requesting the medication is aware of his or her need for the medication and understands the purpose for taking the medication. (h) Medications for which the time of administration, the amount, the strength of dosage, the method of administration, or the reason for administration requires judgment or discretion on the part of the unlicensed person. (5) Assistance with the self-administration of medication by an unlicensed person as described in this section shall not be considered administration as defined in s. 465.003. 59A-36.008 (3) ASSISTANCE WITH SELF-ADMINISTRATION. (a) Any unlicensed person providing assistance with self-administration of medication must be _____ or older, trained to assist with self administered medication pursuant to the training requirements of rule 59A-36.011, F.A.C., and must be available to assist residents with self-administered medications in accordance with procedures described in section 429.256, F.S. and this rule. (b) In addition to the specifications of section 429.256(3), F.S., assistance with self-administration of medication includes, in the presence of the resident, reading the medication label aloud and verbally prompting a resident to take medications as prescribed. (c) In order to facilitate assistance with self-administration, trained staff may prepare and make available such items as water, juice, cups, and spoons. Trained staff may also return unused doses to the medication container. Medication,	A 052

A 052	Continued From page 3 which appears to have been contaminated, must not be returned to the container. (d) Trained staff must observe the resident take the medication. Any concerns about the resident's reaction to the medication or suspected noncompliance must be reported to the resident's health care provider and documented in the resident's record. (e) When a resident who receives assistance with medication is away from the facility and from facility staff, the following options are available to enable the resident to take medication as prescribed: 1. The health care provider may prescribe a medication schedule that coincides with the resident's presence in the facility, 2. The medication container may be given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, 3. The medication may be transferred to a pill organizer pursuant to the requirements of subsection (2), and given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, or 4. Medications may be separately prescribed and dispensed in an easier to use form, such as unit dose packaging. (f) Assistance with self-administration of medication does not include the activities detailed in section 429.256(4), F.S. 1. As used in section 429.256(4)(g), F.S., the term "competent resident" means that the resident is cognizant of when a medication is required and understands the purpose for taking the medication. 2. As used in section 429.256(4)(h), F.S., the terms "judgment" and "discretion" mean	A 052

A 052	Continued From page 4 interpreting vital signs and evaluating or assessing a resident's condition. (g) All trained staff must adhere to the facility's control policy and procedures when assisting with the self-administration of medication. This Statute or Rule is not met as evidenced by: Based on observation, interview and record review, it was determined the facility failed to ensure that unlicensed staff (Staff B), who provided assistance with self-administration of medication, follow appropriate procedures described in Section 429.256, FS, for 1 out of 1 residents (Resident #5). As evidenced of staff failure to observe 1 of 1 resident while taking their self-administered medications (Resident #5). The Findings included: During an interview on _____ at 9:45AM with R#5, this surveyor observed a small disposable green cup on top of Resident #5's dresser. According to Resident #5, the cup was placed by Staff B and that she places it there for her all the time for when she is ready to take her medications. Further observations of this cup on the dresser revealed seven medications in the cup. Further interview with Resident #5, she stated Staff B left the medications because she wasn't ready to eat or take the medications at the appointed time. A review of Resident #5's Health Assessment dated _____ documents the resident requires assistance with self-administration of medications. During an	A 052

A 052	Continued From page 5 interview with Staff B on at 10:40AM, she stated some of the medications are required to be taken with food, so she left the medications on the dresser and signed the MOR because the resident wasn't ready to take her medications nor eat. A side-by-side comparison with the MOR and medication in the cup, in the presence of Staff B, the medications were identified as the following medications: 1) -75mg PO QD 2) (to be taken with meals 3) B1 4) 5) 6) 7) Further interview on at 10:45AM with Staff B, she confirmed she did not assist Resident#5 with her self-administrated medications in accordance with procedure by leaving the medications in the room. She stated, she is aware that she must observe the resident take the medications and then document the MOR accordingly. The Administrator was notified of the concerns regarding the failure of Staff B following the regulatory procedures protocol and acknowledged the findings. Class III	A 052
