{A 000}	Initial Comments A revisit to a biennial survey was conducted at Deerwood Place on Deficient practice was identified at the time of the survey.	{A 000}		
{A 052} SS=D	429.256(); 59A-36.008(3) Medication - Assistance with Self-Admin 429.256 (3) Assistance with self-administration of medication includes: (a) Taking the medication, in its previously dispensed, properly labeled container, including an _____ syringe that is prefilled with the proper dosage by a pharmacist and an _____ that is prefilled by the manufacturer, from where it is stored, and bringing it to the resident. (b) In the presence of the resident, confirming that the medication is intended for that resident, orally advising the resident of the medication name and dosage, opening the container, removing a prescribed amount of medication from the container, and closing the container. The resident may sign a written waiver to opt out of being orally advised of the medication name and dosage. The waiver must identify all of the medications intended for the resident, including names and dosages of such medications, and must immediately be updated each time the resident's medications or dosages change. (c) Placing an oral dosage in the resident's _____ or placing the dosage in another container and helping the resident by lifting the container to his or her _____. (d) Applying _____ medications. (e) Returning the medication container to proper storage. (f) Keeping a record of when a resident receives assistance with self-administration under this section.	{A 052}

(h) Medications for which the time of administration, the amount, the strength of dosage, the method of administration, or the reason for administration requires judgment or discretion on the part of the unlicensed person. (5) Assistance with the self-administration of medication by an unlicensed person as described in this section shall not be considered administration as defined in s. 465.003. 59A-36.008 (3) ASSISTANCE WITH SELF-ADMINISTRATION. (a) Any unlicensed person providing assistance with self-administration of medication must be _____ or older, trained to assist with self administered medication pursuant to the training requirements of rule 59A-36.011, F.A.C., and must be available to assist residents with self-administered medications in accordance with procedures described in section 429.256, F.S. and this rule. (b) In addition to the specifications of section 429.256(3), F.S., assistance with self-administration of medication includes, in the presence of the resident, reading the medication label aloud and verbally prompting a resident to take medications as prescribed. (c) In order to facilitate assistance with self-administration, trained staff may prepare and make available such items as water, juice, cups, and spoons. Trained staff may also return unused doses to the medication container. Medication, which appears to have been contaminated, must not be returned to the container. (d) Trained staff must observe the resident take	{A 052}

{A 052}	Continued From page 3 the medication. Any concerns about the resident's reaction to the medication or suspected noncompliance must be reported to the resident's health care provider and documented in the resident's record. (e) When a resident who receives assistance with medication is away from the facility and from facility staff, the following options are available to enable the resident to take medication as prescribed: 1. The health care provider may prescribe a medication schedule that coincides with the resident's presence in the facility, 2. The medication container may be given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, 3. The medication may be transferred to a pill organizer pursuant to the requirements of subsection (2), and given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, or 4. Medications may be separately prescribed and dispensed in an easier to use form, such as unit dose packaging. (f) Assistance with self-administration of medication does not include the activities detailed in section 429.256(4), F.S. 1. As used in section 429.256(4)(g), F.S., the term "competent resident" means that the resident is cognizant of when a medication is required and understands the purpose for taking the medication. 2. As used in section 429.256(4)(h), F.S., the terms "judgment" and "discretion" mean interpreting vital signs and evaluating or assessing a resident's condition. (g) All trained staff must adhere to the facility's	{A 052}

{A 052}	Continued From page 4 control policy and procedures when assisting with the self-administration of medication. This Statute or Rule is not met as evidenced by: Based on observation, interview and record review the facility failed to provide accurate assistance with self administration of medication for one of one resident, Resident #4. The findings include: During an observation on at 2:38pm, Employee E provided assistance to Resident #4 with self administration medication. Resident #4 was presented with the medication but left to retrieve a glass of water to swallow the pills with. During his absence, Employee E documented on the Medication Observation Record (MOR) that Resident #4 took his medication. During an interview on at 2:42pm Employee E was asked about updating the MOR prior to providing assistance with self-administering medication. She confirmed that she had done this. She was asked if this was the usual practice, to which she replied, "yes". She was asked what would happen if the resident refused the medication or it dropped on the floor after she updated that the MOR to show the resident had taken the medication. She stated that she would document this information on the of the MOR. During an interview on at 3:29pm with the Administrator, she confirmed the MOR should be updated after the Resident has taken the	{A 052}

{A 052}	Continued From page 5 medication. Additionally she stated that if the MOR is updated prior to the resident taking the medication, the record would be inaccurate in the event the resident did not take the medication. She stated staff who provide assistance with self-administration of medication are trained to update the MOR after the medication is given. Deficient practice was previously identified during a survey on . The facility records provided on showed reeducation was provided to their staff and it included a form titled, "Documentation and guidelines for Medication Observation Records (MOR) : Document the MOR immediately after assisting the resident with his/her medication. Employee E signed in as receiving training on how to document on MOR's on . Photographic evidence obtained. CLASS III	{A 052}
