A 160 SS=D	59A-36.015(1) FAC Records - Facility The facility must maintain required records in a manner that makes such records readily available at the licensee's physical address for review by a legally authorized entity. If records are maintained in an electronic format, facility staff must be readily available to access the data and produce the requested information. For purposes of this section, "readily available" means the ability to immediately produce documents, records, or other such data, either in electronic or paper format, upon request. (1) FACILITY RECORDS. Facility records must include: (a) The facility's license displayed in a conspicuous and public place within the facility. (b) An up-to-date admission and discharge log listing the names of all residents and each resident's: 1. Date of admission, the facility or place from which the resident was admitted, and if applicable, a notation indicating that the resident was admitted with a _____; and 2. Date of discharge, reason for discharge, and identification of the facility or home address to which the resident was discharged. Readmission of a resident to the facility after discharge requires a new entry in the log. Discharge of a resident is not required if the facility is holding a bed for a resident who is out of the facility but intending to return pursuant to rule 59A-36.018, F.A.C. If the resident dies while in the care of the facility, the log must indicate the date of _____. (c) A log listing the names of all temporary emergency placement and respite care residents if not included on the log described in paragraph (b). (d) The facility's emergency management plan, with documentation of review and approval by the county emergency management agency, as	A 160

A 200	Continued From page 3 59A-36.025 Emergency Environmental Control for Assisted Living Facilities. (1) DETAILED EMERGENCY ENVIRONMENTAL CONTROL PLAN. Each assisted living facility shall prepare a detailed plan ("plan") to serve as a supplement to its Comprehensive Emergency Management Plan, to address emergency environmental control in the event of the loss of primary electrical power in that assisted living facility which includes the following information: (a) The acquisition of a sufficient alternate power source such as a generator(s), maintained at the assisted living facility, to ensure that current licensees of assisted living facilities will be equipped to ensure _____ air temperatures will be maintained at or below 81 degrees Fahrenheit for a minimum of ninety-six (96) hours in the event of the loss of primary electrical power. 1. The required temperature must be maintained in an area or areas, determined by the assisted living facility, of sufficient size to maintain residents safely at all times and that is appropriate for resident care needs and life safety requirements. For planning purposes, no less than twenty (20) net square _____ per resident must be provided. The assisted living facility may use eighty percent (80%) of its licensed bed capacity as the number of residents to be used in the _____ to determine the required square footage. This may include areas that are less than the entire assisted living facility if the assisted living facility's comprehensive emergency management plan includes allowing a resident to congregate when he or she desires in portions of the building where temperatures will be maintained and includes procedures for monitoring residents for signs of heat related injury as required by this rule. This rule does not prohibit a facility from acting as a receiving	A 200

A 032	Continued From page 14 Findings: Review of the facility's undated resident elopement policies and procedures revealed they did not contain a provision that the facility would make, at a minimum, a daily effort to determine that at risk residents had identification on their persons that included their name and the facility's name, address, and telephone number and did not contain a provision to address the continued care of all residents within the facility in the event of an elopement. On _____ at 10:30 a.m. the administrator confirmed the findings and was unable to provide additional documentation. Class III	A 032	
A 152 SS=D	59A-36.014(3) FAC Physical Plant - Safe Living Environ/Other (3) OTHER REQUIREMENTS. (a) All facilities must: 1. Provide a safe living environment pursuant to section 429.28(1)(a), F.S.; 2. Be maintained free of hazards; and, 3. Ensure that all existing architectural, mechanical, electrical and structural systems, and appurtenances are maintained in good working order. (b) Pursuant to section 429.27, F.S., residents must be given the option of using their own belongings as space permits. When the facility supplies the furnishings, each resident bedroom or sleeping area must have at least the following furnishings: 1. A clean, comfortable bed with a mattress no	A 152
