Regular and therapeutic menus as served, with substitutions noted before or when the meal is served, must be kept on file in the facility for 6 months. (e) Therapeutic diets must be prepared and served as ordered by the health care provider. 1. Facilities that offer residents a variety of food choices through a select menu, buffet style dining, or family style dining are not required to document what is eaten unless a health care provider's order indicates that such monitoring is necessary. However, the food items that enable residents to comply with the therapeutic diet must be identified on the menus developed for use in the facility. 2. The facility must document a resident's refusal to comply with a therapeutic diet and provide notification to the resident's health care provider of such refusal. (f) For facilities serving three or more meals a day, no more than 14 hours must elapse between the end of an evening meal containing a protein food and the beginning of a morning meal. Intervals between meals must be evenly distributed throughout the day with not less than 2 hours nor more than 6 hours between the end of one meal and the beginning of the next. For residents without access to kitchen facilities, snacks must be offered at least once per day. Snacks are not considered to be meals for the purposes of _____ the time between meals. (g) Food must be served attractively at safe and palatable temperatures. All residents must be encouraged to eat at tables in the dining areas.
