A 000	Initial Comments A Relicensure Survey was conducted at FEBA Living Care, Inc. on 10/27/2021. Deficiencies were identified at the time of survey.	A 000		
A 004 SS=D	59A-36.004 FAC Licensure - Requirements 59A-36.004 License Requirements. (1) SERVICE PROHIBITION. An assisted living facility may not represent that it provides any service other than a service for which it is licensed to provide. (2) CHANGE IN USE OF SPACE REQUIRING AGENCY CENTRAL OFFICE APPROVAL. A change in the use of space that increases or decreases a facility's capacity must not be made without prior approval from the Agency Central Office. Approval must be based on the compliance with the physical plant standards provided in Rule 59A-36.014, F.A.C., as well as documentation of compliance with applicable fire safety and sanitation inspection requirements referenced in Rule 59A-36.005, F.A.C. (3) CHANGE IN USE OF SPACE REQUIRING AGENCY FIELD OFFICE APPROVAL. A change in the use of space that involves converting an area to resident use, which has not previously been inspected for such use, must not be made without prior approval from the Agency Field Office. Approval must be based on compliance with the physical plant standards provided in Rule 59A-36.014, F.A.C., as well as documentation of compliance with applicable fire safety and sanitation inspection standards referenced in Rule 59A-36.005, F.A.C. (4) CONTIGUOUS PROPERTY. If a facility consists of more than one building, all buildings included under a single license must be on contiguous property. "Contiguous property" means property under the same ownership	A 004

A 004	Continued From page 1 separated by no more than a two-lane street that traverses the property. A licensed location may be expanded to include additional contiguous property with the approval of the agency to ensure continued compliance with the requirements and standards of Chapters 408, Part II, 429, Part I, F.S. and rule Chapter 59A-35, F.A.C., and this rule chapter. (5) PROOF OF INSPECTIONS. A copy of the annual fire safety and sanitation inspections described in Rule 59A-36.005, F.A.C., must be submitted annually to the Agency Central Office. The annual inspections must be submitted no later than 30 calendar days after the inspections. Failure to comply with this requirement may result in administrative action pursuant to Chapter 408, part II, and Section 429.14, F.S., and rule Chapter 59A-35, F.A.C. (6) RESIDENTS RECEIVING STATE-FUNDED SERVICES. Upon request, the facility administrator or designee must identify residents receiving state-funded services to the agency and the department for monitoring purposes authorized by state and federal laws. This Statute or Rule is not met as evidenced by: Based on record review and interview, the facility failed to provide a current sanitation inspection. Findings included: Review of the facility's records showed a sanitation inspection with a satisfactory result, dated . The facility did not provide a current inspection. On . at 11:30 AM, the Administrator stated, "I just called the health department and left a message, they have not come to inspect."	A 004

A 053 SS=D	59A-36.008(4) FAC Medication - Administration (4) MEDICATION ADMINISTRATION. (a) For facilities that provide medication administration, a staff member licensed to administer medications must be available to administer medications in accordance with a health care provider's order or prescription label. (b) Unusual reactions to the medication or a significant change in the resident's health or behavior that may be caused by the medication must be documented in the resident's record and reported immediately to the resident's health care provider. The contact with the health care provider must also be documented in the resident's record. (c) Medication administration includes conducting any examination or other procedure necessary for the proper administration of medication that the resident cannot conduct personally and that can be performed by licensed staff. (d) A facility that performs clinical laboratory tests for residents, including _____ testing, must be in compliance with the federal Clinical Laboratory Improvement Amendments of 1988 (CLIA) and Chapter 483, Part I, F.S. A valid copy of the federal CLIA Certificate must be maintained in the facility. A federal CLIA certificate is not required if residents perform the test themselves or if a third party assists residents in performing the test. The facility is not required to maintain a federal CLIA Certificate if facility staff assist residents in performing clinical laboratory testing with the residents' equipment. Information about the federal CLIA Certificate is available from the Laboratory and In-Home	A 053

This Statute or Rule is not met as evidenced by: Based on observation and record review, the facility failed to ensure that licensed staff administered medication to one of four sampled residents, (Resident 1), who was receiving hospice care. Findings included: On _____, at 12:05 PM, observed Staff C (caregiver) preparing to assist Resident 1 with medication; the staff took a cup of water and had medication _____ 50 mg. and _____ 25 mg. inside a pre-set small cup from the pharmacy. Staff C did not ask the resident to grab the medication cup, and administered the medication, taking the medication cup to Resident 1's _____, then, administered the water from the cup in the same way. On _____, at 12:10 PM, the Administrator stated, "I'll talk to hospice because she can grab the cup but she will probably drop the medications trying to hold them." Review of Resident 1's record showed a health assessment dated _____, that requested assistance with self-administration of medications. Review of the hospice plan of care dated _____ to _____, showed the facility staff as the person authorized to administer medications. Review of Staff C's personnel record showed a hire date _____ with 4 hours of assistance	A 053

A 093	Continued From page 7 (b) The residents' nutritional needs must be met by offering a variety of meals adapted to the food habits, preferences, and physical abilities of the residents, and must be prepared through the use of standardized recipes. For facilities with a licensed capacity of 16 or fewer residents, standardized recipes are not required. Unless a resident chooses to eat less, the facility must serve the standard minimum portions of food according to the Dietary Reference Intakes. (c) All regular and therapeutic menus to be used by the facility must be reviewed annually by a licensed or registered dietitian, a licensed nutritionist, or a registered dietetic technician supervised by a licensed or registered dietitian, or a licensed nutritionist to ensure the meals meet the nutritional standards established in this rule. The annual review must be documented in the facility files and include the original signature of the reviewer, registration or license number, and date reviewed. Portion sizes must be indicated on the menus or on a separate sheet. 1. Daily food servings may be divided among three or more meals per day, including snacks, as necessary to accommodate resident needs and preferences. 2. Menu items may be substituted with items of comparable nutritional value based on the seasonal availability of fresh produce or the preferences of the residents. (d) Menus must be dated and planned at least 1 week in advance for both regular and therapeutic diets. Residents must be encouraged to participate in menu planning. Planned menus must be conspicuously posted or easily available to residents. Regular and therapeutic menus as served, with substitutions noted before or when the meal is served, must be kept on file in the facility for 6 months.	A 093
