A 052	Continued From page 3 make available such items as water, juice, cups, and spoons. Trained staff may also return unused doses to the medication container. Medication, which appears to have been contaminated, must not be returned to the container. (d) Trained staff must observe the resident take the medication. Any concerns about the resident's reaction to the medication or suspected noncompliance must be reported to the resident's health care provider and documented in the resident's record. (e) When a resident who receives assistance with medication is away from the facility and from facility staff, the following options are available to enable the resident to take medication as prescribed: 1. The health care provider may prescribe a medication schedule that coincides with the resident's presence in the facility, 2. The medication container may be given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, 3. The medication may be transferred to a pill organizer pursuant to the requirements of subsection (2), and given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, or 4. Medications may be separately prescribed and dispensed in an easier to use form, such as unit dose packaging. (f) Assistance with self-administration of medication does not include the activities detailed in Section 429.256(4), F.S. (g) As used in Section 429.256(4)(h), F.S., the terms "judgment" and "discretion" mean interpreting vital signs and evaluating or assessing a resident's condition.	A 052

A 052	Continued From page 4 (h) All trained staff must adhere to the facility's control policy and procedures when assisting with the self-administration of medication. This Statute or Rule is not met as evidenced by: Based on observation and interview, the facility failed to ensure medication records were accurate for one of two residents, Resident #2. The findings include: On _____ at 9:52 am Staff A prepared medications at the medication cart in the hallway across from the medication room. Staff A was putting medication in a paper cup after checking the medications against the medical observation record (MOR). She documented the MOR before walking to Resident #2's bedroom with the medication. Staff A then assisted Resident #2, who took the medication as requested. Staff A was interviewed directly following the observation, and she stated she didn't usually pass medications that way but she was running late. Class III	A 052
