{A 052}	Continued From page 3 make available such items as water, juice, cups, and spoons. Trained staff may also return unused doses to the medication container. Medication, which appears to have been contaminated, must not be returned to the container. (d) Trained staff must observe the resident take the medication. Any concerns about the resident's reaction to the medication or suspected noncompliance must be reported to the resident's health care provider and documented in the resident's record. (e) When a resident who receives assistance with medication is away from the facility and from facility staff, the following options are available to enable the resident to take medication as prescribed: 1. The health care provider may prescribe a medication schedule that coincides with the resident's presence in the facility, 2. The medication container may be given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, 3. The medication may be transferred to a pill organizer pursuant to the requirements of subsection (2), and given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, or 4. Medications may be separately prescribed and dispensed in an easier to use form, such as unit dose packaging. (f) Assistance with self-administration of medication does not include the activities detailed in Section 429.256(4), F.S. (g) As used in Section 429.256(4)(h), F.S., the terms "judgment" and "discretion" mean interpreting vital signs and evaluating or assessing a resident's condition.	{A 052}

{A 052}	Continued From page 4 (h) All trained staff must adhere to the facility's control policy and procedures when assisting with the self-administration of medication. This Statute or Rule is not met as evidenced by: Based on observation, record review, and interview, the facility failed to ensure proper assistance with self-administration of medications according to the required steps in 429.256 Florida Statutes for one Residents (#3) of one sampled resident that required assistance with self-administration of medication. Findings Included: During an observation of the medication pass with Staff B for Resident #3, conducted on at 08:11am, Staff B, an unlicensed Medication Technician did not ensure proper assistance with self-administration of medication according to the required steps in 429.256 Florida Statutes when Staff opened Resident #3's medication packs at the medication cart and Resident #3 was not present. Staff B poured the contents of four pills (81mg, 100mg, 75mg, and 5mg) from the medication pack into a plastic medication cup while standing at the medication cart. Resident #3 was sitting in a chair across the medication room near the desk and was not present at the medication cart. Staff B turned away from Resident #3 after she the resident the medication cup of pills to return to the medication cart to retrieve a cup of water. A record review for Resident #3, conducted on	{A 052}
