Daily food servings may be divided among three or more meals per day, including snacks, as necessary to accommodate resident needs and preferences. 2. Menu items may be substituted with items of comparable nutritional value based on the seasonal availability of fresh produce or the preferences of the residents. (d) Menus must be dated and planned at least 1 week in advance for both regular and therapeutic diets. Residents must be encouraged to participate in menu planning. Planned menus must be conspicuously posted or easily available to residents. Regular and therapeutic menus as served, with substitutions noted before or when the meal is served, must be kept on file in the facility for 6 months. (e) Therapeutic diets must be prepared and served as ordered by the health care provider. 1. Facilities that offer residents a variety of food choices through a select menu, buffet style dining, or family style dining are not required to document what is eaten unless a health care provider's order indicates that such monitoring is necessary. However, the food items that enable residents to comply with the therapeutic diet must be identified on the menus developed for use in	A 093

A 093	Continued From page 15 the facility. 2. The facility must document a resident's refusal to comply with a therapeutic diet and provide notification to the resident's health care provider of such refusal. (f) For facilities serving three or more meals a day, no more than 14 hours must elapse between the end of an evening meal containing a protein food and the beginning of a morning meal. Intervals between meals must be evenly distributed throughout the day with not less than 2 hours nor more than 6 hours between the end of one meal and the beginning of the next. For residents without access to kitchen facilities, snacks must be offered at least once per day. Snacks are not considered to be meals for the purposes of the time between meals. (g) Food must be served attractively at safe and palatable temperatures. All residents must be encouraged to eat at tables in the dining areas. A supply of eating ware sufficient for all residents, including adaptive equipment if needed by any resident, must be on (h) A 3-day supply of nonperishable food, based on the number of weekly meals the facility has with residents to serve, must be on at all times. The quantity must be based on the resident census and not on licensed capacity. The supply must consist of foods that can be stored safely without refrigeration. Water sufficient for drinking and food preparation must also be stored, or the facility must have a plan for obtaining water in an emergency, with the plan coordinated with and reviewed by the local disaster preparedness authority. This Statute or Rule is not met as evidenced by: Based on observation and interview the facility failed to maintain a 3 day supply of nonperishable food.	A 093
