After developing and implementing a corrective action plan in compliance with Section 429.42(2), F.S., the initial on-site consultant visit must take place within 7 working days of the notice of the class I or II deficiency and within 14 working days of the notice of an uncorrected class III deficiency. The facility must have available for review by the agency a copy of the license of the consultant pharmacist or registered nurse and the consultant's signed and dated review of the corrective action plan no later than 10 working days subsequent to the initial on-site consultant visit.</p> <p>3. The facility must provide the agency with, at a minimum, quarterly on-site corrective action plan updates until the agency determines after written notification by the consultant and facility administrator that deficiencies are corrected and staff has been trained to ensure that proper medication standards are followed and that such consultant services are no longer required. The agency must provide the facility with written notification of such determination.</p> <p>This Statute or Rule is not met as evidenced by: Based on observation, interview and record review, the facility failed to correct previous deficiencies regarding medication records and medication storage. The facility is required to employ the consultant services of a licensed pharmacist or a licensed registered nurse to provide onsite quarterly consultation until the Agency for Health Care administration determines that such consultation services are no longer required.</p> <p>Findings included:</p> <p>1)</p> | A 058                                                                          |                                                                                                                          |                          |                                                                    |

| {A 055}                                                     | Continued From page 24<br><br>habits of residents, the personal possession of medication by a resident poses a safety hazard to other residents, or<br><br>6. The facility's rules and regulations require central storage of medication and that policy has been provided to the resident before admission as required in rule 59A-36.006, F.A.C.<br>(c) Centrally stored medications must be:<br>1. Kept in a locked cabinet; locked cart; or other locked storage receptacle, room, or area at all times;<br>2. Located in an area free of dampness and abnormal temperature, except that a medication requiring refrigeration must be kept refrigerated. Refrigerated medications must be secured by being kept in a locked container within the refrigerator, by keeping the refrigerator locked, or by keeping the area in which the refrigerator is located locked;<br>3. Accessible to staff responsible for filling pill-organizers, assisting with self-administration of medication, or administering medication. Such staff must have ready access to keys or codes to the medication storage areas at all times; and,<br>4. Kept separately from the medications of other residents and properly closed or sealed.<br>(d) Medication that has been discontinued but has not expired must be returned to the resident or the resident's representative, as appropriate, or may be centrally stored by the facility for future use by the resident at the resident's request. If centrally stored by the facility, the discontinued medication must be stored separately from medication in current use, and the area in which it is stored must be marked "discontinued medication." Such medication may be reused if prescribed by the resident's health care provider.<br>(e) When a resident's stay in the facility has ended, the administrator must return all | {A 055}                                                                                   |                                                                                                                          |  |                                                                    |
