Assisted living facility plans previously submitted and approved pursuant to emergency Rule 58AER17-1 will require resubmission only if changes are made to the plan. (b) Each new assisted living facility shall submit the plan required under this rule prior to obtaining a license. (c) Each existing assisted living facility that undergoes any additions, modifications, alterations, refurbishment, renovations or reconstruction that require modification of its systems or equipment affecting the facility's compliance with this rule shall amend its plan and submit it to the local emergency management agency for review and approval. (3) APPROVED PLANS. (a) Each assisted living facility must maintain a copy of its approved plan in a manner that makes the plan readily available at the licensee's physical address for review by a legally authorized entity. If the plan is maintained in an electronic format, assisted living facility staff must be readily available to access and produce the plan. For purposes of this section, "readily available" means the ability to immediately produce the plan, either in electronic or paper format, upon request. (b) Within two (2) business days of the approval of the plan from the local emergency management agency, the assisted living facility shall submit in writing proof of the approval to the Agency for Health Care Administration. (c) The assisted living facility shall submit a consumer-friendly summary of the emergency power plan to the Agency. The Agency shall post the summary and notice of the approval and implementation of the assisted living facility emergency power plans on its website within ten	A 200

A 200	Continued From page 11 (10) business days of the plan's approval by the local emergency management agency and update within ten (10) business days of implementation. (4) IMPLEMENTATION OF THE PLAN. (a) Each assisted living facility licensed prior to the effective date of this rule shall, no later than _____, have implemented the plan required under this rule. (b) The Agency shall allow an extension up to _____ to providers in compliance with paragraph (c) below and who can show delays caused by necessary construction, delivery of ordered equipment, zoning or other regulatory approval processes. Assisted living facilities shall notify the Agency that they will utilize the extension and keep the Agency apprised of progress on a quarterly basis to ensure there are no unnecessary delays. If an assisted living facility can show in its quarterly progress reports that unavoidable delays caused by necessary construction, delivery of ordered equipment, zoning or other regulatory approval processes will occur beyond the initial extension date, the assisted living facility may request a waiver pursuant to section 120.542, F.S. (c) During the extension period, an assisted living facility must make arrangements pending full implementation of its plan that provides the residents with an area or areas to congregate that meets the safe indoor air temperature requirements of subsection (1) (a) for a minimum of ninety-six (96) hours. 1. An assisted living facility not located in an evacuation zone must either have an alternative power source onsite or have a contract in place for delivery of an alternative power source and fuel when requested. A 200	Continued From page 15 interview, the facility failed to test the equipment and its functions to ensure the safe and sufficient operation of the alternate power source (Generator), to ensure in the event of the loss of primary electrical power, air temperatures will be maintained at or below 81 degrees Fahrenheit. The facility alternate power source (generator) was not working at time of the Agency visit. The facility failed to maintain written policies and procedures of the emergency management plan, readily available for review. Findings Included: On at 2:31 pm, observed a portable generator (Champion Dual Fuel 1000 watts) in the backyard of the facility. On from 2:45 pm to 3:10 pm, observed Staff D and the Administrator attempted to turn on the portable generator, however the generator would not start. In an interview with the Administrator on at 3:05 pm, he stated the portable generator's battery was not fully charged so the generator wouldn't turn on. A review of the facility's record showed no documentation that the generator had been maintenance or tested. In an interview with the Administrator on at 3:40 pm, he stated he could not find the documentation regarding maintenance of the generator. Further review of the facility's record showed no documentation of the facility emergency	A 200
