{A 052}	Continued From page 2 (g) Assisting with medications ordered by the physician or health care professional with prescriptive authority to be given "as needed," unless the order is written with specific parameters that preclude independent judgment on the part of the unlicensed person, and the resident requesting the medication is aware of his or her need for the medication and understands the purpose for taking the medication. (h) Medications for which the time of administration, the amount, the strength of dosage, the method of administration, or the reason for administration requires judgment or discretion on the part of the unlicensed person. (5) Assistance with the self-administration of medication by an unlicensed person as described in this section shall not be considered administration as defined in s. 465.003. 59A-36.008 (3) ASSISTANCE WITH SELF-ADMINISTRATION. (a) Any unlicensed person providing assistance with self-administration of medication must be _____ or older, trained to assist with self-administered medication pursuant to the training requirements of Rule 59A-36.011, F.A.C., and must be available to assist residents with self-administered medications in accordance with procedures described in Section 429.256, F.S. and this rule. (b) In addition to the specifications of Section 429.256(3), F.S., assistance with self-administration of medication includes, orally advising the resident of the name and dosage of the medication and verbally prompting a resident to take medications as prescribed.	{A 052}

{A 052}	Continued From page 3 (c) In order to facilitate assistance with self-administration, trained staff may prepare and make available such items as water, juice, cups, and spoons. Trained staff may also return unused doses to the medication container. Medication, which appears to have been contaminated, must not be returned to the container. (d) Trained staff must observe the resident take the medication. Any concerns about the resident's reaction to the medication or suspected noncompliance must be reported to the resident's health care provider and documented in the resident's record. (e) When a resident who receives assistance with medication is away from the facility and from facility staff, the following options are available to enable the resident to take medication as prescribed: 1. The health care provider may prescribe a medication schedule that coincides with the resident's presence in the facility. 2. The medication container may be given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record. 3. The medication may be transferred to a pill organizer pursuant to the requirements of subsection (2), and given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, or 4. Medications may be separately prescribed and dispensed in an easier to use form, such as unit dose packaging. (f) Assistance with self-administration of medication does not include the activities detailed in Section 429.256(4), F.S. (g) As used in Section 429.256(4)(h), F.S., the terms "judgment" and "discretion" mean	{A 052}

{A 052}	Continued From page 4 interpreting vital signs and evaluating or assessing a resident's condition. (h) All trained staff must adhere to the facility's control policy and procedures when assisting with the self-administration of medication. This Statute or Rule is not met as evidenced by: Based on observation, record review, and interview, the facility failed to ensure proper assistance with self-administration of medications according to the required steps for one (Resident #7) of three residents sampled. Findings Included: During a medication pass observation with Staff B for Resident #7, conducted on _____ at 12:20pm, Staff B had pre-set Resident #7's medications and did not compare the medication label to the resident's Medication Observation Records for Resident #7's prescribed _____ 5mg medication. After giving Resident #7 her medication, Staff B did not sign the medication as given. A review of Resident #7's Medication Observation Records, conducted on _____, Resident #7's _____ 5mg medication was already signed as given prior to giving the medication. During an interview with Staff B, conducted on _____ at 12:23pm, Staff B stated that she documented Resident #7's _____ 5mg medication as given this morning during her morning medication pass.	{A 052}
