A 052 SS=D	429.256(); 59A-36.008(3) Medication - Assistance with Self-Admin 429.256 (3) Assistance with self-administration of medication includes: (a) Taking the medication, in its previously dispensed, properly labeled container, including an _____ syringe that is prefilled with the proper dosage by a pharmacist and an _____ that is prefilled by the manufacturer, from where it is stored, and bringing it to the resident. (b) In the presence of the resident, confirming that the medication is intended for that resident, orally advising the resident of the medication name and dosage, opening the container, removing a prescribed amount of medication from the container, and closing the container. The resident may sign a written waiver to opt out of being orally advised of the medication name and dosage. The waiver must identify all of the medications intended for the resident, including names and dosages of such medications, and must immediately be updated each time the resident's medications or dosages change. (c) Placing an oral dosage in the resident's _____ or placing the dosage in another container and helping the resident by lifting the container to his or her _____. (d) Applying _____ medications. (e) Returning the medication container to proper storage. (f) Keeping a record of when a resident receives assistance with self-administration under this section.	A 052

A 052	Continued From page 3 doses to the medication container. Medication, which appears to have been contaminated, must not be returned to the container. (d) Trained staff must observe the resident take the medication. Any concerns about the resident's reaction to the medication or suspected noncompliance must be reported to the resident's health care provider and documented in the resident's record. (e) When a resident who receives assistance with medication is away from the facility and from facility staff, the following options are available to enable the resident to take medication as prescribed: 1. The health care provider may prescribe a medication schedule that coincides with the resident's presence in the facility. 2. The medication container may be given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record. 3. The medication may be transferred to a pill organizer pursuant to the requirements of subsection (2), and given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, or 4. Medications may be separately prescribed and dispensed in an easier to use form, such as unit dose packaging. (f) Assistance with self-administration of medication does not include the activities detailed in Section 429.256(4), F.S. (g) As used in Section 429.256(4)(h), F.S., the terms "judgment" and "discretion" mean interpreting vital signs and evaluating or assessing a resident's condition. (h) All trained staff must adhere to the facility's _____ control policy and procedures when	A 052

A 052	Continued From page 4 assisting with the self-administration of medication. This Statute or Rule is not met as evidenced by: Based on observation and interview, the facility failed to correctly follow procedures when providing assistance with self-administration of medication to one of six sampled residents (Resident #1). Finding Included: A review of Resident#1's medication observation record showed on _____, the resident was ordered to take SOD 100 MG cap and _____ 2 mg tab at 2 pm. On _____ at 2:00 pm, observed the Owner washed her _____ in the resident's bathroom. She instructed the resident to sit up in a supine position, signed her initials in the facility's medication observation record (MOR) by the medication that was giving. The administrator gave the resident the medication a cup of water. In an interview with the Administrator on _____ at 2:40 pm, she stated she had forgotten to sign the resident's medication observation record after giving the medication. Class III	A 052
