A 000	Initial Comments A Standard relicensure survey was conducted at Grandad Elderly, Corp on 09/14/2022. A deficiency was identified at the time of survey.	A 000		
A 052 SS=D	429.256() ; 59A-36.008(3) Medication - Assistance with Self-Admin 429.256 (3) Assistance with self-administration of medication includes: (a) Taking the medication, in its previously dispensed, properly labeled container, from where it is stored, and bringing it to the resident. For purposes of this paragraph, an _____ syringe that is prefilled with the proper dosage by a pharmacist and an _____, that is prefilled by the manufacturer are considered medications in previously dispensed, properly labeled containers. (b) In the presence of the resident, confirming that the medication is intended for that resident, orally advising the resident of the medication name and dosage, opening the container, removing a prescribed amount of medication from the container, and closing the container. The resident may sign a written waiver to opt out of being orally advised of the medication name and dosage. The waiver must identify all of the medications intended for the resident, including names and dosages of such medications, and must immediately be updated each time the resident's medications or dosages change. (c) Placing an oral dosage in the resident's _____ or placing the dosage in another container and helping the resident by lifting the container to his or her _____. (d) Applying _____ medications. (e) Returning the medication container to proper storage. (f) Keeping a record of when a resident receives	A 052

A 052	Continued From page 2 medication by an unlicensed person as described in this section shall not be considered administration as defined in s. 465.003. 59A-36.008 (3) ASSISTANCE WITH SELF-ADMINISTRATION. (a) Any unlicensed person providing assistance with self-administration of medication must be _____ or older, trained to assist with self-administered medication pursuant to the training requirements of Rule 59A-36.011, F.A.C., and must be available to assist residents with self-administered medications in accordance with procedures described in Section 429.256, F.S. and this rule. (b) In addition to the specifications of Section 429.256(3), F.S., assistance with self-administration of medication includes, orally advising the resident of the name and dosage of the medication and verbally prompting a resident to take medications as prescribed. (c) In order to facilitate assistance with self-administration, trained staff may prepare and make available such items as water, juice, cups, and spoons. Trained staff may also return unused doses to the medication container. Medication, which appears to have been contaminated, must not be returned to the container. (d) Trained staff must observe the resident take the medication. Any concerns about the resident's reaction to the medication or suspected noncompliance must be reported to the resident's health care provider and documented in the resident's record. (e) When a resident who receives assistance with medication is away from the facility and from facility staff, the following options are available to enable the resident to take medication as	A 052

A 052	Continued From page 3 prescribed: 1. The health care provider may prescribe a medication schedule that coincides with the resident's presence in the facility. 2. The medication container may be given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record. 3. The medication may be transferred to a pill organizer pursuant to the requirements of subsection (2), and given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, or 4. Medications may be separately prescribed and dispensed in an easier to use form, such as unit dose packaging. (f) Assistance with self-administration of medication does not include the activities detailed in Section 429.256(4), F.S. (g) As used in Section 429.256(4)(h), F.S., the terms "judgment" and "discretion" mean interpreting vital signs and evaluating or assessing a resident's condition. (h) All trained staff must adhere to the facility's control policy and procedures when assisting with the self-administration of medication. This Statute or Rule is not met as evidenced by: Based on observation and interview, the facility failed to follow the correct procedure when assisting with self-administration of medications for two out of five sampled residents (Resident #1 and #5). Findings included: Observation on _____ at 08:38 AM showed	A 052

A 052	Continued From page 4 Staff B (Direct Caretaker) was serving food (cereal and coffee) to Resident #1. After serving the food to the resident, observed Staff B opened the medication cabinet with her bare _____ and took a bin of medications out of the cabinet with Resident name [Resident #1] written on the bin. Observed Staff B took the first pallet of medications and emptied one pill onto her bare _____. Advised the administrator that Staff B was not following _____ control; however, before Administrator could tell Staff B to stop passing the medication, observed Staff B emptied a second pill onto her right _____, then held the pill with 2 _____ while waiting for the resident to swallow the first pill. Observation on _____ at 01:45 PM showed Staff B washed her _____ and put on some gloves. Observed Staff B opened the medication cabinet, took a bin of medications, took one pallet from the bin, and emptied one pill onto her _____ while she was still standing by the kitchen area. Observed Staff then proceeded to go to the common area and gave the pill to Resident #5. On _____ at 01:47 PM, Staff B stated that was the way the Administrator gave medications as well. Staff B pointed out where they kept small cups to empty the medications when passing medication to the residents. Staff B further stated that they don't use the cups. Class III	A 052
