The facility must immediately increase staff above the minimum levels established in paragraph (a), if the agency determines that adequate supervision and care are not being provided to residents, resident care standards described in rule 59A-36.007, F.A.C., are not being met, or that the facility is failing to meet the terms of residents' contracts. The agency will consult with the facility administrator and residents regarding any determination that additional staff is required. Based on the recommendations of the local fire safety authority, the agency may require additional staff when the facility fails to meet the fire safety standards described in rule chapter 69A-40, F.A.C., until such time as the local fire safety authority informs the agency that fire safety requirements are being met. 1. When additional staff is required above the minimum, the agency will require the submission of a corrective action plan within the time specified in the notification indicating how the increased staffing is to be achieved to meet resident service needs. The plan will be reviewed by the agency to determine if it sufficiently increases the staffing levels to meet resident needs. 2. When the facility can demonstrate to the agency that resident needs are being met, or that resident needs can be met without increased staffing, the agency may modify staffing requirements for the facility and the facility will no longer be required to maintain a plan with the agency.
