A 000	Initial Comments An unannounced relicensure, emergency power plan monitoring, and limited nursing services survey was conducted on _____ through _____ at Springwood Court, and assisted living facility in Fort Myers, Florida. The following is a description of the deficiencies: .	A 000		
A 052 SS=D	429.256(. . .); 59A-36.008(3) Medication - Assistance with Self-Admin 429.256 (3) Assistance with self-administration of medication includes: (a) Taking the medication, in its previously dispensed, properly labeled container, from where it is stored, and bringing it to the resident. For purposes of this paragraph, an _____ syringe that is prefilled with the proper dosage by a pharmacist and an _____ that is prefilled by the manufacturer are considered medications in previously dispensed, properly labeled containers. (b) In the presence of the resident, confirming that the medication is intended for that resident, orally advising the resident of the medication name and dosage, opening the container, removing a prescribed amount of medication from the container, and closing the container. The resident may sign a written waiver to opt out of being orally advised of the medication name and dosage. The waiver must identify all of the medications intended for the resident, including names and dosages of such medications, and must immediately be updated each time the resident's medications or dosages change. (c) Placing an oral dosage in the resident's or placing the dosage in another container and helping the resident by lifting the container to his	A 052

(5) Assistance with the self-administration of medication by an unlicensed person as described in this section shall not be considered administration as defined in s. 465.003. 59A-36.008 (3) ASSISTANCE WITH SELF-ADMINISTRATION. (a) Any unlicensed person providing assistance with self-administration of medication must be _____ or older, trained to assist with self-administered medication pursuant to the training requirements of Rule 59A-36.011, F.A.C., and must be available to assist residents with self-administered medications in accordance with procedures described in Section 429.256, F.S. and this rule. (b) In addition to the specifications of Section 429.256(3), F.S., assistance with self-administration of medication includes, orally advising the resident of the name and dosage of the medication and verbally prompting a resident to take medications as prescribed. (c) In order to facilitate assistance with self-administration, trained staff may prepare and make available such items as water, juice, cups, and spoons. Trained staff may also return unused doses to the medication container. Medication, which appears to have been contaminated, must not be returned to the container. (d) Trained staff must observe the resident take the medication. Any concerns about the resident's reaction to the medication or suspected noncompliance must be reported to the resident's health care provider and documented in the	A 052

A 052	Continued From page 3 resident's record. (e) When a resident who receives assistance with medication is away from the facility and from facility staff, the following options are available to enable the resident to take medication as prescribed: 1. The health care provider may prescribe a medication schedule that coincides with the resident's presence in the facility. 2. The medication container may be given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record. 3. The medication may be transferred to a pill organizer pursuant to the requirements of subsection (2), and given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, or 4. Medications may be separately prescribed and dispensed in an easier to use form, such as unit dose packaging. (f) Assistance with self-administration of medication does not include the activities detailed in Section 429.256(4), F.S. (g) As used in Section 429.256(4)(h), F.S., the terms "judgment" and "discretion" mean interpreting vital signs and evaluating or assessing a resident's condition. (h) All trained staff must adhere to the facility's _____ control policy and procedures when assisting with the self-administration of medication. This Statute or Rule is not met as evidenced by: Based on observation, and interview, the facility failed to properly assist residents with self-administration of medications for 2 (Resident #13 and Resident #14) of 3 residents observed	A 052

A 052	Continued From page 4 for medication pass. The findings included: On at 9:30 a.m., Medication Tech (MT) Staff A was observed to pull Resident #14's medication pill packets. She popped the pills into a medication pill cup in the hallway, then entered Resident #14's room and said, "Hello, I have your medications." She handed the cup to the resident along with water and watched Resident #14 take them. She did not inform the resident of the medications she was taking nor did she read the prescription to the resident. On at 9:45 a.m., MT Staff A was observed to pull out Resident #13's medication pill packets. She popped the pills into a medication pill cup, said, "Here are your medications." She handed the cup along with a glass of water to Resident #13 who was standing beside the med cart, and watched Resident #13 take the medications. She did not inform the resident of the medications she was taking nor did she read the prescription to the resident. During an interview on at 10 a.m., MT Staff A said she had taken the medication technician training and had been trained to tell the residents what the meds were and was aware that was the process. During an interview on at 10:10 a.m., the Administrator acknowledged she was aware the med techs were to tell the residents what meds they are taking. She agreed that was the process and staff were aware that was the process. She said they will have to do a refresher training again on that.	A 052
