A 000	Initial Comments An unannounced relicensure, emergency power plan, health facility reporting system, generator, and visitation form survey 2/14/24 at Family Traditions LLC, an assisted living facility in Venice, Florida. The following is a description of the deficiencies.	A 000		
A 052 SS=D	429.256(3-5); 59A-36.008(3) Medication - Assistance with Self-Admin 429.256 (3) Assistance with self-administration of medication includes: (a) Taking the medication, in its previously dispensed, properly labeled container, from where it is stored, and bringing it to the resident. For purposes of this paragraph, an insulin syringe that is prefilled with the proper dosage by a pharmacist and an insulin pen that is prefilled by the manufacturer are considered medications in previously dispensed, properly labeled containers. (b) In the presence of the resident, confirming that the medication is intended for that resident, orally advising the resident of the medication name and dosage, opening the container, removing a prescribed amount of medication from the container, and closing the container. The resident may sign a written waiver to opt out of being orally advised of the medication name and dosage. The waiver must identify all of the medications intended for the resident, including names and dosages of such medications, and must immediately be updated each time the resident's medications or dosages change. (c) Placing an oral dosage in the resident's hand or placing the dosage in another container and helping the resident by lifting the container to his or her mouth.	A 052

(5) Assistance with the self-administration of medication by an unlicensed person as described in this section shall not be considered administration as defined in s. 465.003. 59A-36.008 (3) ASSISTANCE WITH SELF-ADMINISTRATION. (a) Any unlicensed person providing assistance with self-administration of medication must be 18 years of age or older, trained to assist with self-administered medication pursuant to the training requirements of Rule 59A-36.011, F.A.C., and must be available to assist residents with self-administered medications in accordance with procedures described in Section 429.256, F.S. and this rule. (b) In addition to the specifications of Section 429.256(3), F.S., assistance with self-administration of medication includes, orally advising the resident of the name and dosage of the medication and verbally prompting a resident to take medications as prescribed. (c) In order to facilitate assistance with self-administration, trained staff may prepare and make available such items as water, juice, cups, and spoons. Trained staff may also return unused doses to the medication container. Medication, which appears to have been contaminated, must not be returned to the container. (d) Trained staff must observe the resident take the medication. Any concerns about the resident's reaction to the medication or suspected noncompliance must be reported to the resident's health care provider and documented in the resident's record.	A 052

A 052	Continued From page 3 (e) When a resident who receives assistance with medication is away from the facility and from facility staff, the following options are available to enable the resident to take medication as prescribed: 1. The health care provider may prescribe a medication schedule that coincides with the resident's presence in the facility. 2. The medication container may be given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record. 3. The medication may be transferred to a pill organizer pursuant to the requirements of subsection (2), and given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, or 4. Medications may be separately prescribed and dispensed in an easier to use form, such as unit dose packaging. (f) Assistance with self-administration of medication does not include the activities detailed in Section 429.256(4), F.S. (g) As used in Section 429.256(4)(h), F.S., the terms "judgment" and "discretion" mean interpreting vital signs and evaluating or assessing a resident's condition. (h) All trained staff must adhere to the facility's infection control policy and procedures when assisting with the self-administration of medication. This Statute or Rule is not met as evidenced by: Based on observation and interview, the facility failed to ensure staff who assist residents with self-administration of medications do so in accordance with proper procedure for 4 (Residents #1, #2, #3, and #4) of 5 medication	A 052

A 078 SS=D	59A-36.010(2) FAC Staffing Standards - Staff (2) STAFF. (a) Within 30 days after beginning employment, newly hired staff must submit a written statement from a health care provider documenting that the individual does not have any signs or symptoms of communicable disease. The examination performed by the health care provider must have been conducted no earlier than 6 months before submission of the statement. Newly hired staff does not include an employee transferring without a break in service from one facility to another when the facility is under the same management or ownership. 1. Evidence of a negative tuberculosis examination must be documented on an annual basis. Documentation provided by the Florida Department of Health or a licensed health care provider certifying that there is a shortage of tuberculosis testing materials satisfies the annual tuberculosis examination requirement. An individual with a positive tuberculosis test must submit a health care provider's statement that the individual does not constitute a risk of communicating tuberculosis. 2. If any staff member has, or is suspected of having, a communicable disease, such individual	A 078

A 093 SS=D	59A-36.012(2) FAC Food Service - Dietary Standards (2) DIETARY STANDARDS. (a) The meals provided by the assisted living facility must be planned based on the current USDA Dietary Guidelines for Americans, 2020-2025, which are incorporated by reference and available for review at: http://www.frules.org/Gateway/reference.asp?No=Ref-04003, and the current table of Dietary Reference Intakes established by the Food and Nutrition Board of the Institute of Medicine of the National Academies, 2019, which are incorporated by reference and available for review at: https://ods.od.nih.gov/HealthInformation/Dietary_Reference_Intakes.aspx. Therapeutic diets must meet these nutritional standards to the extent possible. (b) The residents' nutritional needs must be met by offering a variety of meals adapted to the food habits, preferences, and physical abilities of the residents, and must be prepared through the use of standardized recipes. For facilities with a licensed capacity of 16 or fewer residents, standardized recipes are not required. Unless a resident chooses to eat less, the facility must serve the standard minimum portions of food according to the Dietary Reference Intakes. (c) All regular and therapeutic menus to be used by the facility must be reviewed annually by a licensed or registered dietitian, a licensed nutritionist, or a registered dietetic technician supervised by a licensed or registered dietitian, or a licensed nutritionist to ensure the meals meet the nutritional standards established in this rule. The annual review must be documented in the facility files and include the original signature of	A 093

A 093	Continued From page 10 the reviewer, registration or license number, and date reviewed. Portion sizes must be indicated on the menus or on a separate sheet. 1. Daily food servings may be divided among three or more meals per day, including snacks, as necessary to accommodate resident needs and preferences. 2. Menu items may be substituted with items of comparable nutritional value based on the seasonal availability of fresh produce or the preferences of the residents. (d) Menus must be dated and planned at least 1 week in advance for both regular and therapeutic diets. Residents must be encouraged to participate in menu planning. Planned menus must be conspicuously posted or easily available to residents. Regular and therapeutic menus as served, with substitutions noted before or when the meal is served, must be kept on file in the facility for 6 months. (e) Therapeutic diets must be prepared and served as ordered by the health care provider. 1. Facilities that offer residents a variety of food choices through a select menu, buffet style dining, or family style dining are not required to document what is eaten unless a health care provider's order indicates that such monitoring is necessary. However, the food items that enable residents to comply with the therapeutic diet must be identified on the menus developed for use in the facility. 2. The facility must document a resident's refusal to comply with a therapeutic diet and provide notification to the resident's health care provider of such refusal. (f) For facilities serving three or more meals a day, no more than 14 hours must elapse between the end of an evening meal containing a protein food and the beginning of a morning meal.	A 093

CZ830	Continued From page 2 approved by the agency to report information to the agency regarding the provider's emergency status, planning, or operations. This Statute or Rule is not met as evidenced by: Based on record review and interview, the facility failed to submit annually and maintain documentation of a current Comprehensive Emergency Management Plan (CEMP), approved by the local emergency management agency to ensure the safety and welfare of all residents. The findings include: On _____ the Administrator provided a Comprehensive Emergency Management Plan (CEMP) that had been approved on _____. The letter indicated the facility's CEMP is approved for 12 months from the date of the letter. Review of the facility's Emergency Power Plan (EPP) showed it had been approved on _____. The letter further indicated, going forward the Emergency Power plan must be included in the facility's annual CEMP submission as an addendum. On _____ at 8:50 a.m., the Administrator stated she does not have any documentation that indicates the facility submitted and had an approved CEMP/EPP after 2022. The Interim Administrator confirmed the facility had not submitted a CEMP/EPP after 2022 and currently has no approved CEMP/EPP. Class III	CZ830
