All residents assessed at risk for elopement or with any history of elopement must be identified so staff can be alerted to their needs for support and supervision. All residents must be assessed for risk of elopement by a health care provider or a mental health care provider within 30 calendar days of being admitted to a facility. If the resident has had a health assessment performed prior to admission pursuant to paragraph 59A-36.006(2) (a), F.A.C., this requirement is satisfied. A resident placed in a facility on a temporary emergency basis by the Department of Children and Families pursuant to Section 415.105 or 415.1051, F.S., is exempt from this requirement for up to 30 days. 1. As part of its resident elopement response policies and procedures, the facility must make, at a minimum, a daily effort to determine that at risk residents have identification on their persons that includes their name and the facility's name, address, and telephone number. Staff trained pursuant to paragraph 59A-36.011(10)(a) or (c), F.A.C., must be generally aware of the location of all residents assessed at high risk for elopement at all times. 2. This Statute or Rule is not met as evidenced by: Based on review of the facility's emergency environmental control plan ("plan") and interview, the facility failed to follow its plan by not testing and maintaining its generator. Findings: A review of the facility's approved plan revealed the portable generator would be exercised one time every month for 30 minutes. The plan documented this would enhance the training opportunity for the staff to practice setting up the generator, attaching it to the fuel source and connecting the air evaporator cooler. The Generator start and shutdown would also be covered in the training. The monthly exercise would be documented in a life safety book. On at 12:55 pm, a request was made of the administrator to provide documentation of the monthly generator exercises. The administrator then provided the documentation for only On at 1:04 pm, the administrator said that starting that day he would make sure testing and maintenance was performed according to the plan.
