A 053	Continued From page 2 any examination or other procedure necessary for the proper administration of medication that the resident cannot conduct personally and that can be performed by licensed staff. (d) A facility that performs clinical laboratory tests for residents, including _____ testing, must be in compliance with the federal Clinical Laboratory Improvement Amendments of 1988 (CLIA) and Chapter 483, Part I, F.S. A valid copy of the federal CLIA Certificate must be maintained in the facility. A federal CLIA certificate is not required if residents perform the test themselves or if a third party assists residents in performing the test. The facility is not required to maintain a federal CLIA Certificate if facility staff assist residents in performing clinical laboratory testing with the residents' equipment. Information about the federal CLIA Certificate is available from the Laboratory and In-Home Services Unit, Agency for Health Care Administration, 2727 Mahan Drive, Mail Stop 32, Tallahassee, FL 32308; telephone (850)412-4500. This Statute or Rule is not met as evidenced by: Based on interview and record review, the facility failed to ensure that only licensed staff administered medications to one out of six (Resident #1) sample residents. Findings included: A review of Resident #1's health assessment revealed the resident was under hospice care. The resident required assistance with medications. A review of the Medication Observation Record (MOR) for _____ showed that the staff signed the MOR.	A 053

A 093	Continued From page 4 serve the standard minimum portions of food according to the Dietary Reference Intakes. (c) All regular and therapeutic menus to be used by the facility must be reviewed annually by a licensed or registered dietitian, a licensed nutritionist, or a registered dietetic technician supervised by a licensed or registered dietitian, or a licensed nutritionist to ensure the meals meet the nutritional standards established in this rule. The annual review must be documented in the facility files and include the original signature of the reviewer, registration or license number, and date reviewed. Portion sizes must be indicated on the menus or on a separate sheet. 1. Daily food servings may be divided among three or more meals per day, including snacks, as necessary to accommodate resident needs and preferences. 2. Menu items may be substituted with items of comparable nutritional value based on the seasonal availability of fresh produce or the preferences of the residents. (d) Menus must be dated and planned at least 1 week in advance for both regular and therapeutic diets. Residents must be encouraged to participate in menu planning. Planned menus must be conspicuously posted or easily available to residents. Regular and therapeutic menus as served, with substitutions noted before or when the meal is served, must be kept on file in the facility for 6 months. (e) Therapeutic diets must be prepared and served as ordered by the health care provider. 1. Facilities that offer residents a variety of food choices through a select menu, buffet style dining, or family style dining are not required to document what is eaten unless a health care provider's order indicates that such monitoring is necessary. However, the food items that enable	A 093
