CZ830	408.821 FS Emergency Management Planning 408.821 Emergency management planning; emergency operations; inactive license.- (1) A licensee required by authorizing statutes and agency rule to have a comprehensive emergency management plan must designate a safety liaison to serve as the primary contact for emergency operations. Such licensee shall submit its comprehensive emergency management plan to the local emergency management agency, county health department, or Department of Health as follows: (a) Submit the plan within 30 days after initial licensure and change of ownership, and notify the agency within 30 days after submission of the plan. (b) Submit the plan annually and within 30 days after any significant modification, as defined by agency rule, to a previously approved plan. (c) Submit necessary plan revisions within 30 days after notification that plan revisions are required. (d) Notify the agency within 30 days after approval of its plan by the local emergency management agency, county health department, or Department of Health. (2) An entity subject to this part may temporarily exceed its licensed capacity to act as a receiving provider in accordance with an approved comprehensive emergency management plan for up to 15 days. While in an overcapacity status, each provider must furnish or arrange for appropriate care and services to all clients. In addition, the agency may approve requests for overcapacity in excess of 15 days, which approvals may be based upon satisfactory justification and need as provided by the receiving and sending providers. (3)(a) An inactive license may be issued to a licensee subject to this section when the provider	CZ830

CZ830	Continued From page 1 is located in a geographic area in which a state of emergency was declared by the Governor if the provider: 1. Suffered damage to its operation during the state of emergency. 2. Is currently licensed. 3. Does not have a provisional license. 4. Will be temporarily unable to provide services but is reasonably expected to resume services within 12 months. (b) An inactive license may be issued for a period not to exceed 12 months but may be renewed by the agency for up to 12 additional months upon demonstration to the agency of progress toward reopening. A request by a licensee for an inactive license or to extend the previously approved inactive period must be submitted in writing to the agency, accompanied by written justification for the inactive license, which states the beginning and ending dates of inactivity and includes a plan for the transfer of any clients to other providers and appropriate licensure fees. Upon agency approval, the licensee shall notify clients of any necessary discharge or transfer as required by authorizing statutes or applicable rules. The beginning of the inactive licensure period shall be the date the provider ceases operations. The end of the inactive period shall become the license expiration date, and all licensure fees must be current, must be paid in full, and may be prorated. Reactivation of an inactive license requires the prior approval by the agency of a renewal application, including payment of licensure fees and agency inspections indicating compliance with all requirements of this part and applicable rules and statutes. (4) . . . Licensees providing residential or inpatient services must utilize an online database	CZ830

A 200	Continued From page 14 undergoes any additions, modifications, alterations, refurbishment, renovations or reconstruction that require modification of its systems or equipment affecting the facility's compliance with this rule shall amend its plan and submit it to the county emergency management agency for review and approval. (3) APPROVED PLANS. (a) Each assisted living facility must maintain a copy of its approved plan in a manner that makes the plan readily available at the licensee's physical address for review by a legally authorized entity. If the plan is maintained in an electronic format, assisted living facility staff must be readily available to access and produce the plan. For purposes of this section, "readily available" means the ability to immediately produce the plan, either in electronic or paper format, upon request. (b) Within 30 days of the approval of the plan from the county emergency management agency, the assisted living facility shall submit in writing proof of the approval to the Agency for Health Care Administration to assistedliving@ahca.myflorida.com. (c) The assisted living facility shall submit a consumer-friendly summary of the emergency power plan to the Agency. The Agency shall post the summary and notice of the approval and implementation of the assisted living facility emergency power plans on its website within ten (10) business days of the plan's approval by the county emergency management agency and update within ten (10) business days of implementation. (4) IMPLEMENTATION OF THE PLAN. (a) Each assisted living facility licensed prior to the effective date of this rule shall, no later than _____, have implemented the plan	A 200

A 200	Continued From page 15 required under this rule. (b) Each new assisted living facility shall implement the plan required under this rule prior to obtaining a license. (c) Existing assisted living facilities that undergo any additions, modifications, alterations, refurbishment, renovations or reconstruction that require modification of the systems or equipment affecting the assisted living facility's compliance with this rule shall implement its amended plan concurrent with any such additions, modifications, alterations, refurbishment, renovations or reconstruction. (5) POLICIES AND PROCEDURES. (a) Each assisted living facility shall develop and implement written policies and procedures to ensure that the assisted living facility can effectively and immediately activate, operate and maintain the alternate power source and any fuel required for the operation of the alternate power source. The procedures shall ensure that residents do not experience complications from fluctuations in air temperatures inside the facility. Procedures must address the care of residents occupying the facility during a declared state of emergency, specifically, a description of the methods to be used to mitigate the potential for heat related injury including: 1. The use of cooling devices and equipment; 2. The use of refrigeration and freezers to produce ice and appropriate temperatures for the maintenance of medicines requiring refrigeration; 3. Wellness checks by assisted living facility staff to monitor for signs of . . . and heat injury; and 4. A provision for obtaining medical intervention from emergency services for residents whose life safety is in jeopardy. (b) Each assisted living facility shall maintain the	A 200

Upon the initial submission of the plan to the county emergency management agency that the plan has been submitted for review and approval; 2. Upon final implementation of the plan by the assisted living facility. 3. Annual submissions and approvals of the plan do not require notification to residents or their legal representatives unless a significant modification as defined in Rule 59A-36.019, F.A.C., has been made to the plan. (b) Each assisted living facility must maintain a copy of each notification set forth in paragraph (a) above in a manner that makes each notification readily available at the licensee's physical address for review by a legally authorized entity. If the notifications are maintained in an electronic format, facility staff must be readily available to access and produce the notifications. For purposes of this section, "readily available" means the ability to immediately produce the notifications, either in electronic or paper format, upon request. This Statute or Rule is not met as evidenced by: Based on record review, observation and interview, the facility failed to maintain an alternate power source (generator) in good working order and ensure the Emergency Management Plan (EPP) contained the required information. Findings: In an interview on _____ at 12pm with the assistant administrator, stated she has a portable generator to maintain as an alternate power source and it is stored in a shed 10 ... from the facility. A 200	Continued From page 18 In an observation on _____ at 12pm, of the facility's alternate power source, a request was made for the administrator to start the portable generator to observe it was in good working order. The administrator stated she did not know how to operate the generator and has not reviewed the plan in a while. In a review of the facility's EPP plan on _____, it was missing the following information from the plan: -The use of cooling devices and equipment -The use of refrigeration and freezers to produce ice and appropriate temperatures for the maintenance of medication requiring refrigeration -Wellness checks by assisted living facility staff to monitor signs of _____ and heat injury - Provision for obtaining medical intervention from emergency services for residents whose life safety is in jeopardy A request was made on _____ to review the generator log. The assistant administrator stated the facility did not have a generator log. In an interview on _____ with the assistant administrator at 12pm, she confirmed all the above findings.
