{A 000}	Initial Comments A revisit for Complaint #2024005456 was conducted on ... at Benton House of Narcoossee. There was a deficiency that remained uncorrected at the time of the visit.	{A 000}		
{A 052} SS=D	429.256(...); 59A-36.008(3) Medication - Assistance with Self-Admin 429.256 (3) Assistance with self-administration of medication includes: (a) Taking the medication, in its previously dispensed, properly labeled container, from where it is stored, and bringing it to the resident. For purposes of this paragraph, an ... syringe that is prefilled with the proper dosage by a pharmacist and an ... that is prefilled by the manufacturer are considered medications in previously dispensed, properly labeled containers. (b) In the presence of the resident, confirming that the medication is intended for that resident, orally advising the resident of the medication name and dosage, opening the container, removing a prescribed amount of medication from the container, and closing the container. The resident may sign a written waiver to opt out of being orally advised of the medication name and dosage. The waiver must identify all of the medications intended for the resident, including names and dosages of such medications, and must immediately be updated each time the resident's medications or dosages change. (c) Placing an oral dosage in the resident's or placing the dosage in another container and helping the resident by lifting the container to his or her ... (d) Applying ... medications. (e) Returning the medication container to proper storage.	{A 052}

{A 052}	Continued From page 2 (5) Assistance with the self-administration of medication by an unlicensed person as described in this section shall not be considered administration as defined in s. 465.003. 59A-36.008 (3) ASSISTANCE WITH SELF-ADMINISTRATION. (a) Any unlicensed person providing assistance with self-administration of medication must be _____ or older, trained to assist with self-administered medication pursuant to the training requirements of Rule 59A-36.011, F.A.C., and must be available to assist residents with self-administered medications in accordance with procedures described in Section 429.256, F.S. and this rule. (b) In addition to the specifications of Section 429.256(3), F.S., assistance with self-administration of medication includes, orally advising the resident of the name and dosage of the medication and verbally prompting a resident to take medications as prescribed. (c) In order to facilitate assistance with self-administration, trained staff may prepare and make available such items as water, juice, cups, and spoons. Trained staff may also return unused doses to the medication container. Medication, which appears to have been contaminated, must not be returned to the container. (d) Trained staff must observe the resident take the medication. Any concerns about the resident's reaction to the medication or suspected noncompliance must be reported to the resident's health care provider and documented in the resident's record. (e) When a resident who receives assistance with medication is away from the facility and from facility staff, the following options are available to	{A 052}

{A 052}	Continued From page 3 enable the resident to take medication as prescribed: 1. The health care provider may prescribe a medication schedule that coincides with the resident's presence in the facility, 2. The medication container may be given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, 3. The medication may be transferred to a pill organizer pursuant to the requirements of subsection (2), and given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, or 4. Medications may be separately prescribed and dispensed in an easier to use form, such as unit dose packaging. (f) Assistance with self-administration of medication does not include the activities detailed in Section 429.256(4), F.S. (g) As used in Section 429.256(4)(h), F.S., the terms "judgment" and "discretion" mean interpreting vital signs and evaluating or assessing a resident's condition. (h) All trained staff must adhere to the facility's _____ control policy and procedures when assisting with the self-administration of medication. This Statute or Rule is not met as evidenced by: DEFICIENCY REMAINED UNCORRECTED Based on observation, record review, and interview the facility failed to ensure unlicensed caregiver (A) followed proper procedures when assisting with self-administration of medication. {A 052}	Continued From page 4 Observation on at 10:15am of unlicensed caregiver (A) as she was assisting resident #20 with self-administration of medication. The unlicensed caregiver was observed removing a cup of applesauce with a spoon in it from the medication cart. The cup had resident #20's name written on it. The unlicensed caregiver took the cup which she explained contained the residents 9am medications crushed in applesauce to resident #20. She told the resident she was going to give her the morning medication. Unlicensed caregiver (A) did not prepare the medications in the presence of the resident. She did not explain what the medications were or what they were for. She placed several spoonful of the applesauce and crushed medications into the resident's . Unlicensed caregiver (A) confirmed the medications were resident #20's 9am medications. She said the resident had been out on a walk and was not in the unit during medication pass. She confirmed she did not have the credentials to administer medication and she did not follow proper procedure when assisting resident #20 with self-administration of medication. Review of the residents MOR revealed 9am medications included: 10mg 20mg ER 20 meg (should not crush) 5mg Class III	{A 052}
