A 079	Continued From page 3 when residents are on the premises, a staff member who is at least _____ must be physically present and designated in writing to be in charge of the facility. No staff member shall be in charge of a facility for a consecutive period of 21 days or more, or for a total of 60 days within a calendar year, without being an administrator or manager. 7. Staff whose duties are exclusively building or grounds maintenance, clerical, or food preparation do not count towards meeting the minimum staffing hours requirement. 8. The administrator or manager's time may be counted for the purpose of meeting the required staffing hours, provided the administrator or manager is actively involved in the day-to-day operation of the facility, including making decisions and providing supervision for all aspects of resident care, and is listed on the facility's staffing schedule. 9. Only on-the-job staff may be counted in meeting the minimum staffing hours. Vacant positions or absent staff may not be counted. (b) Notwithstanding the minimum staffing requirements specified in paragraph (a), all facilities, including those composed of apartments, must have enough qualified staff to provide resident supervision, and to provide or arrange for resident services in accordance with the residents' scheduled and unscheduled service needs, resident contracts, and resident care standards as described in rule 59A-36.007, F.A.C. (c) The facility must maintain a written work schedule that reflects its 24-hour staffing pattern for a given time period. Upon request, the facility must make the daily work schedules of direct care staff available to residents or their representatives.	A 079

A 079	Continued From page 4 (d) The facility must provide staff immediately when the agency determines that the requirements of paragraph (a) are not met. The facility must immediately increase staff above the minimum levels established in paragraph (a), if the agency determines that adequate supervision and care are not being provided to residents, resident care standards described in rule 59A-36.007, F.A.C., are not being met, or that the facility is failing to meet the terms of residents' contracts. The agency will consult with the facility administrator and residents regarding any determination that additional staff is required. Based on the recommendations of the local fire safety authority, the agency may require additional staff when the facility fails to meet the fire safety standards described in rule chapter 69A-40, F.A.C., until such time as the local fire safety authority informs the agency that fire safety requirements are being met. 1. When additional staff is required above the minimum, the agency will require the submission of a corrective action plan within the time specified in the notification indicating how the increased staffing is to be achieved to meet resident service needs. The plan will be reviewed by the agency to determine if it sufficiently increases the staffing levels to meet resident needs. 2. When the facility can demonstrate to the agency that resident needs are being met, or that resident needs can be met without increased staffing, the agency may modify staffing requirements for the facility and the facility will no longer be required to maintain a plan with the agency.
