A 000	Initial Comments A re-licensure survey and a generator monitoring was conducted at Legacy Pointe at UCF Assisted Living Facility & Memory Care with Limited Nursing Services (LNS) on The provider had deficiencies at the time of the survey.	A 000		
A 032 SS=D	59A-36.007(7) FAC Resident Care - Elopement Standards 59A-36.007 (7) ELOPEMENT STANDARDS. (a) Residents Assessed at Risk for Elopement. All residents assessed at risk for elopement or with any history of elopement must be identified so staff can be alerted to their needs for support and supervision. All residents must be assessed for risk of elopement by a health care provider or a mental health care provider within 30 calendar days of being admitted to a facility. If the resident has had a health assessment performed prior to admission pursuant to paragraph 59A-36.006(2) (a), F.A.C., this requirement is satisfied. A resident placed in a facility on a temporary emergency basis by the Department of Children and Families pursuant to Section 415.105 or 415.1051, F.S., is exempt from this requirement for up to 30 days. 1. As part of its resident elopement response policies and procedures, the facility must make, at a minimum, a daily effort to determine that at risk residents have identification on their persons that includes their name and the facility's name, address, and telephone number. Staff trained pursuant to paragraph 59A-36.011(10)(a) or (c), F.A.C., must be generally aware of the location of all residents assessed at high risk for elopement at all times. 2. The facility must have a photo identification of	A 032

A 055	Continued From page 3 5. The facility determines that, because of physical arrangements and the conditions or habits of residents, the personal possession of medication by a resident poses a safety hazard to other residents, or 6. The facility's rules and regulations require central storage of medication and that policy has been provided to the resident before admission as required in Rule 59A-36.006, F.A.C. (c) Centrally stored medications must be: 1. Kept in a locked cabinet; locked cart; or other locked storage receptacle, room, or area at all times; 2. Located in an area free of dampness and abnormal temperature, except that a medication requiring refrigeration must be kept refrigerated. Refrigerated medications must be secured by being kept in a locked container within the refrigerator, by keeping the refrigerator locked, or by keeping the area in which the refrigerator is located locked; 3. Accessible to staff responsible for filling pill-organizers, assisting with self-administration of medication, or administering medication. Such staff must have ready access to keys or codes to the medication storage areas at all times; and, 4. Kept separately from the medications of other residents and properly closed or sealed. (d) Medication that has been discontinued but has not expired must be returned to the resident or the resident's representative, as appropriate, or may be centrally stored by the facility for future use by the resident at the resident's request. If centrally stored by the facility, the discontinued medication must be stored separately from medication in current use, and the area in which it is stored must be marked "discontinued medication." Such medication may be reused if prescribed by the resident's health care provider.	A 055
