All residents assessed at risk for elopement or with any history of elopement must be identified so staff can be alerted to their needs for support and supervision. All residents must be assessed for risk of elopement by a health care provider or a mental health care provider within 30 calendar days of being admitted to a facility. If the resident has had a health assessment performed prior to admission pursuant to paragraph 59A-36.006(2) (a), F.A.C., this requirement is satisfied. A resident placed in a facility on a temporary emergency basis by the Department of Children and Families pursuant to Section 415.105 or 415.1051, F.S., is exempt from this requirement for up to 30 days. 1. As part of its resident elopement response policies and procedures, the facility must make, at a minimum, a daily effort to determine that at risk residents have identification on their persons that includes their name and the facility's name, address, and telephone number. Staff trained pursuant to paragraph 59A-36.011(10)(a) or (c), F.A.C., must be generally aware of the location of all residents assessed at high risk for elopement at all times. 2. The facility must have a photo identification of at risk residents on file that is accessible to all facility staff and law enforcement as necessary.	A 032

It was explained that any family or legal representatives that bring in any medications into the facility must check them in at the nurse's station or with the Director of Nursing. She agreed but stated that was not how the process was in Memory Care. On at 12:19 PM, an interview with resident #1's Power of Attorney stated that she does not know why the facility has same medications from different pharmacies. The Power of Attorney further stated that she only gets the medications from the Veteran's Administration because they are free for resident #1 and that she did pick up the medications 25 milligrams (mg) and 25 mg from Walgreens Pharmacy on and gave to the night nurse on . The Power of Attorney stated that the facility ordered the 50 mg from Guardian Pharmacy the facility uses and did not give authorization for the facility to order those medications with Guardian Pharmacy and she was not going to pay for them either. On at 12:45 PM, an interview with the Director of Resident Care confirmed the findings and stated that she will audit the medication carts and explore better options from other pharmacies.	A 055
