An assessment that has been completed through the Comprehensive Assessment and Review for Long-Term Care Services (CARES) Program fulfills the requirements for a medical examination under this subsection and s. 429.07(3)(b)6. (6) Any resident accepted in a facility and placed by the Department of Children and Families must have been examined by medical personnel within 30 days before placement in the facility. The examination must include an assessment of the appropriateness of placement in a facility. The findings of this examination must be recorded on the examination form provided by the agency. The completed form must accompany the resident and be submitted to the facility owner or administrator. Additionally, in the case of a mental health resident, the Department of Children and Families must provide documentation that the individual has been assessed by a psychiatrist, clinical psychologist, clinical social worker, or nurse, or an individual who is supervised by one of these professionals, and determined to be appropriate to reside in an assisted living facility. The documentation must be in the facility within 30 days after the mental health resident has been admitted to the facility. An evaluation completed upon discharge from a state mental hospital meets the requirements of this subsection related to appropriateness for placement as a mental health resident provided that it was completed within 90 days prior to admission to the facility. The Department of Children and Families shall provide to the facility administrator any information about the resident which would help the administrator meet his or her responsibilities under subsection (1). She was unable to provide documentation to indicate the daily menus were reviewed and approved by a licensed or registered dietitian, a licensed nutritionist, or a registered dietetic technician supervised by a licensed or registered dietitian, or a licensed nutritionist. She confirmed the lunch substitution was not documented on the log. On at 2:55 PM, the dietary manager said there was not a menu for breakfast. She said breakfast food items were rotated and included or hot cereal, grits, and cream of wheat, bacon and sausage option every day, scrambled eggs every day, and an option for fried or poached eggs, and waffles, pancake, and scones. On at 4:55 PM, disposable eating ware was used again for dinner and a substitution was served. The dietary manager said she was still working by herself, and she did not have time to prepare the menu items. Class III	A 093
