Facility administrators or managers shall provide or arrange for the following in-service training to facility staff: (a) Staff who provide direct care to residents, other than nurses, certified nursing assistants, or home health aides trained in accordance with rule 59A-8.0095, F.A.C., must receive a minimum of 1 hour in-service training in infection control, including universal precautions and facility sanitation procedures, before providing personal care to residents. The facility must use its infection control policies and procedures when offering this training. Documentation of compliance with the staff training requirements of 29 CFR 1910.1030, relating to blood borne pathogens, may be used to meet this requirement. (b) Staff who provide direct care to residents must receive a minimum of 1 hour in-service training within 30 days of employment that covers the following subjects: 1. Reporting adverse incidents. 2. Facility emergency procedures including chain-of-command and staff roles relating to emergency evacuation. (c) Staff who provide direct care to residents, who have not taken the core training program, shall receive a minimum of 1 hour in-service training within 30 days of employment that covers the following subjects: 1. Resident rights in an assisted living facility. 2. Recognizing and reporting resident abuse, neglect, and exploitation. The facility must use its abuse prevention policies and procedures when offering this training. (d) Staff who provide direct care to residents, other than nurses, CNAs, or home health aides trained in accordance with rule 59A-8.0095,	A 081

A 093	59A-36.012(2) FAC Food Service - Dietary Standards (2) DIETARY STANDARDS. (a) The meals provided by the assisted living facility must be planned based on the current USDA Dietary Guidelines for Americans, 2020-2025, which are incorporated by reference and available for review at: http://www.frules.org/Gateway/reference.asp?No=Ref-04003 , and the current table of Dietary Reference Intakes established by the Food and Nutrition Board of the Institute of Medicine of the National Academies, 2019, which are incorporated by reference and available for review at: https://ods.od.nih.gov/HealthInformation/Dietary_Reference_Intakes.aspx . Therapeutic diets must meet these nutritional standards to the extent possible. (b) The residents' nutritional needs must be met by offering a variety of meals adapted to the food habits, preferences, and physical abilities of the residents, and must be prepared through the use of standardized recipes. For facilities with a licensed capacity of 16 or fewer residents, standardized recipes are not required. Unless a resident chooses to eat less, the facility must serve the standard minimum portions of food according to the Dietary Reference Intakes.	A 093

A 093	Continued From page 16 (c) All regular and therapeutic menus to be used by the facility must be reviewed annually by a licensed or registered dietitian, a licensed nutritionist, or a registered dietetic technician supervised by a licensed or registered dietitian, or a licensed nutritionist to ensure the meals meet the nutritional standards established in this rule. The annual review must be documented in the facility files and include the original signature of the reviewer, registration or license number, and date reviewed. Portion sizes must be indicated on the menus or on a separate sheet. 1. Daily food servings may be divided among three or more meals per day, including snacks, as necessary to accommodate resident needs and preferences. 2. Menu items may be substituted with items of comparable nutritional value based on the seasonal availability of fresh produce or the preferences of the residents. (d) Menus must be dated and planned at least 1 week in advance for both regular and therapeutic diets. Residents must be encouraged to participate in menu planning. Planned menus must be conspicuously posted or easily available to residents. Regular and therapeutic menus as served, with substitutions noted before or when the meal is served, must be kept on file in the facility for 6 months. (e) Therapeutic diets must be prepared and served as ordered by the health care provider. 1. Facilities that offer residents a variety of food choices through a select menu, buffet style dining, or family style dining are not required to document what is eaten unless a health care provider's order indicates that such monitoring is necessary. However, the food items that enable residents to comply with the therapeutic diet must be identified on the menus developed for use in	A 093
