A 056	Continued From page 14 before dispensing any sample or complimentary prescription drug, the resident's health care provider must provide the resident with a written prescription, or a faxed or electronic copy of such order. This Statute or Rule is not met as evidenced by: Based on interview and record review, the facility failed to make every reasonable effort to ensure a medication for a resident who received assistance with self-administration of medication was filled in a timely manner for 1 of 4 sampled residents (#6.) Findings: A review of resident #6's record revealed a medical history of _____'s _____. A review of 1823 forms, dated _____, _____, and _____, revealed she needed assistance with self-administration of medications. The form had an order for _____ cream to apply nightly for two weeks then two times per week. A review of the residents' _____ medication observation record revealed she did not receive the cream from _____ through _____. Documentation on the record indicated the medication was not available. Continued review of the residents' records revealed there was no documentation to indicate the facility made every reasonable effort to obtain it. During an interview on _____ at 1 PM, the findings were discussed with the resident care director.	A 056

A 200 SS=D	59A-36.025 FAC Emergency Environmental Control 59A-36.025 Emergency Environmental Control for Assisted Living Facilities. (1) DETAILED EMERGENCY ENVIRONMENTAL CONTROL PLAN. Each assisted living facility shall prepare a detailed plan ("plan") to serve as a supplement to its Comprehensive Emergency Management Plan, to address emergency environmental control in the event of the loss of primary electrical power in that assisted living facility which includes the following information: (a) The acquisition of a sufficient alternate power source such as a generator(s), maintained at the assisted living facility, to ensure that current licensees of assisted living facilities will be equipped to ensure . air temperatures will be maintained at or below 81 degrees Fahrenheit for a minimum of ninety-six (96) hours in the event of the loss of primary electrical power. 1. The required temperature must be maintained in an area or areas, determined by the assisted living facility, of sufficient size to maintain residents safely at all times and that is appropriate for resident care needs and life safety requirements. For planning purposes, no less than twenty (20) net square per resident must be provided. The assisted living facility may use eighty percent (80%) of its licensed bed capacity as the number of residents to be used in the to determine the required square footage. This may include areas that are less than the entire assisted living facility if the assisted living facility's	A 200

A 200	Continued From page 16 comprehensive emergency management plan includes allowing a resident to congregate when he or she desires in portions of the building where temperatures will be maintained and includes procedures for monitoring residents for signs of heat related injury as required by this rule. This rule does not prohibit a facility from acting as a receiving provider for evacuees when the conditions stated in Section 408.821, F.S. and subsection 59A-36.019(5), F.A.C., are met. The plan shall include information regarding the area(s) within the assisted living facility where the required temperature will be maintained. 2. The alternate power source and fuel supply shall be located in an area(s) in accordance with local zoning and the Florida Building Code. 3. Each assisted living facility is unique in size; the types of care provided; the physical and mental capabilities and needs of residents; the type, frequency, and amount of services and care offered; and staffing characteristics. Accordingly, this rule does not limit the types of systems or equipment that may be used to achieve temperatures at or below 81 degrees Fahrenheit for a minimum of ninety-six (96) hours in the event of the loss of primary electrical power. The plan shall include information regarding the systems and equipment that will be used by the assisted living facility and the fuel required to operate the systems and equipment. a. An assisted living facility in an evacuation zone pursuant to Chapter 252, F, S. must maintain an alternative power source and fuel as required by this subsection at all times when the assisted living facility is occupied but is permitted to utilize a mobile generator(s) to enable portability if evacuation is necessary. A 200	Continued From page 21 requested information. For purposes of this section, "readily available" means the ability to immediately produce the policies and procedures, either in electronic or paper format, upon request. (c) The written policies and procedures must be readily available for inspection by each resident; each resident's legal representative, designee, surrogate, guardian, attorney in fact, or case manager; each resident's estate; and such additional parties as authorized in writing or by law. (6) REVOCATION OF LICENSE, FINES OR SANCTIONS. For a violation of any part of this rule, the Agency for Health Care Administration may seek any remedy authorized by Chapter 429, Part I, or Chapter 408, Part II, F.S., including, but not limited to, license revocation, license suspension, and the imposition of administrative fines. (7) COMPREHENSIVE EMERGENCY MANAGEMENT PLAN. (a) Assisted living facilities whose comprehensive emergency management plan is to evacuate must comply with this rule. (b) Each facility whose plan has been approved shall submit the plan as an addendum with any future submissions for approval of its comprehensive emergency management plan. (8) NOTIFICATION. (a) Within five (5) business days, each assisted living facility must notify in writing, unless permission for electronic communication has been granted, each resident and the resident's legal representative: 1. Upon the initial submission of the plan to the county emergency management agency that the plan has been submitted for review and approval;	A 200

Annual submissions and approvals of the plan do not require notification to residents or their legal representatives unless a significant modification as defined in Rule 59A-36.019, F.A.C., has been made to the plan. (b) Each assisted living facility must maintain a copy of each notification set forth in paragraph (a) above in a manner that makes each notification readily available at the licensee's physical address for review by a legally authorized entity. If the notifications are maintained in an electronic format, facility staff must be readily available to access and produce the notifications. For purposes of this section, "readily available" means the ability to immediately produce the notifications, either in electronic or paper format, upon request. This Statute or Rule is not met as evidenced by: Based on interview and record review, the facility failed to maintain documentation of testing and maintenance of its generator. Findings: A review of the facility's comprehensive emergency management plan and emergency environmental control plan revealed it was approved by the local emergency management agency on . The plan indicated the generator would be tested at least quarterly, inspected weekly with visual test, and tested under emergency load for at least 30 minutes monthly. A log would be kept as a record of the weekly and monthly testing. During an interview on at 8:45 AM, the	A 200
