#1 had a on the stairs. When she arrived, resident was sitting by the main stairs. She assessed him and the medical doctor instructed that the resident to be sent out. Resident refused to be sent to the hospital, his sister was notified, and he signed an Against Medical Advice Form. LPN E said there were no interventions in place for resident #1 when he moved in. He did not require the use of an assistive device, and he was independent with his ADLs. After his on , the resident was instructed to use the elevator instead of the stairs. LPN E added there were no other interventions put into place by the facility. LPN E further stated the health care provider ordered , , , , , and home health for the resident. LPN E said the resident started to require assistance with ADLs and he began to decline. Adding, the other resident had was on when he was sent to the hospital.

On at 11:17 AM the DON said she does not recall if there were any interventions set into place prior to resident #1's admission or after his admission and she will need to look at his care plan. The DON said he was sent to the skilled nursing facility (SNF) after his recent visit to the hospital from his second on . Resident was sent to SNF because he was a , no injuries sustained. The DON said resident #1 would not eat and he became a while at the facility.

On at 11:35 AM, the Kitchen Staff said she was finishing up with lunch when she heard a "thud, thud, thud" sound while in the dining room. Further stating, she went by the stairs and saw resident #1 sitting in the middle of the stairs by the main entrance. Adding the resident did not seem to be injured. She stated she did not
