{A 000}	Initial Comments A revisit to biennial re-licensure, complaint investigation #2025014260 and generator monitoring was conducted at Spring Hills Lake Mary on . The facility had an uncorrected deficiency at the time of the survey.	{A 000}			
{A 052} SS=D	429.256(); 59A-36.008(3) Medication - Assistance with Self-Admin 429.256 (3) Assistance with self-administration of medication includes: (a) Taking the medication, in its previously dispensed, properly labeled container, from where it is stored, and bringing it to the resident. For purposes of this paragraph, an syringe that is prefilled with the proper dosage by a pharmacist and an , that is prefilled by the manufacturer are considered medications in previously dispensed, properly labeled containers. (b) In the presence of the resident, confirming that the medication is intended for that resident, orally advising the resident of the medication name and dosage, opening the container, removing a prescribed amount of medication from the container, and closing the container. The resident may sign a written waiver to opt out of being orally advised of the medication name and dosage. The waiver must identify all of the medications intended for the resident, including names and dosages of such medications, and must immediately be updated each time the resident's medications or dosages change. (c) Placing an oral dosage in the resident's or placing the dosage in another container and helping the resident by lifting the container to his or her (d) Applying , medications. (e) Returning the medication container to proper	{A 052}

{A 052}	Continued From page 2 discretion on the part of the unlicensed person. (5) Assistance with the self-administration of medication by an unlicensed person as described in this section shall not be considered administration as defined in s. 465.003. 59A-36.008 (3) ASSISTANCE WITH SELF-ADMINISTRATION. (a) Any unlicensed person providing assistance with self-administration of medication must be _____ or older, trained to assist with self administered medication pursuant to the training requirements of Rule 59A-36.011, F.A.C., and must be available to assist residents with self-administered medications in accordance with procedures described in Section 429.256, F.S. and this rule. (b) In addition to the specifications of Section 429.256(3), F.S., assistance with self-administration of medication includes, orally advising the resident of the name and dosage of the medication and verbally prompting a resident to take medications as prescribed. (c) In order to facilitate assistance with self-administration, trained staff may prepare and make available such items as water, juice, cups, and spoons. Trained staff may also return unused doses to the medication container. Medication, which appears to have been contaminated, must not be returned to the container. (d) Trained staff must observe the resident take the medication. Any concerns about the resident's reaction to the medication or suspected noncompliance must be reported to the resident's health care provider and documented in the resident's record. (e) When a resident who receives assistance with medication is away from the facility and from	{A 052}

{A 052}	Continued From page 3 facility staff, the following options are available to enable the resident to take medication as prescribed: 1. The health care provider may prescribe a medication schedule that coincides with the resident's presence in the facility, 2. The medication container may be given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, 3. The medication may be transferred to a pill organizer pursuant to the requirements of subsection (2), and given to the resident, a friend, or family member upon leaving the facility, with this fact noted in the resident's medication record, or 4. Medications may be separately prescribed and dispensed in an easier to use form, such as unit dose packaging. (f) Assistance with self-administration of medication does not include the activities detailed in Section 429.256(4), F.S. (g) As used in Section 429.256(4)(h), F.S., the terms "judgment" and "discretion" mean interpreting vital signs and evaluating or assessing a resident's condition. (h) All trained staff must adhere to the facility's control policy and procedures when assisting with the self-administration of medication. This Statute or Rule is not met as evidenced by: DEFICIENCY REMAINED UNCORRECTED Based on observation, record reviews, and interviews, the facility failed to ensure unlicensed caregiver V who assisted 1 of 1 sampled resident (#36) with medications followed the correct procedures.	{A 052}

{A 052}	Continued From page 4 Findings: On at 11:05 AM, observation revealed during the med pass, Unlicensed Caregiver V pre-popped the medication at the med cart located in the hallway outside of the residents' room. On at 11:07 AM, resident #36 stated she has no concerns with her medications, the staff tells her what she's taking, and they always bring the bubble packs. On at 12:02 PM, observation revealed during the 2nd med pass, Unlicensed Caregiver V pre-popped the medication at the med cart located in the hallway outside of the resident's room. On at 12:25 PM, Unlicensed Caregiver V stated she was familiar with passing meds and knows to follow the 5 rights, referring to right resident, right dose, right time, right route, and right medication. Caregiver V stated, she did not take the medication into resident #36's room because she did not have a table to prepare the medications in the room due to contamination. Therefore, she prepared at the med cart. Adding, yes, she knows she's supposed to take the medication into the room but did not know she needed to prepare in the presence of the resident. Review of the facility's In-Service for med tech training revealed Unlicensed Caregiver V participated indicating a summary covering proper medication pass / medication pass-observation.	{A 052}
