{A 030}	Continued From page 6 review, it was determined that the Assisted Living Facility (ALF) failed to ensure resident rights to live in a safe and decent environment free from bed bug infestation for 2 of 25 sampled roomss. (# #) The findings include: Based on observations, room inspections, sample reviews, and interviews, the facility still continued to fail to provide a clean environment free from pests, specifically bed bugs, on . All 25 rooms in the Assisted Living Facility (ALF) were inspected and sampled, including some double-occupancy rooms. Active bed bugs were discovered in two rooms: and , both of which had occupants at the time of the survey. (Photographic evidence obtained) The occupants of these rooms were asked about bed bugs being present. Neither occupant stated they were aware of any bed bugs, but they did recall that the facility was recently treated for bed bugs, though they could not recall exactly when. At approximately 12:50 PM on , the administrator and acting administrator were informed of the presence of live bed bugs in residents' rooms. The administrator contacted a local pest control company to eliminate the bed bugs. They stated that they had implemented a plan of correction starting on , including daily inspections of all rooms and working with their pest control company to eliminate the infestation. Documentation was present where staff were signing off that they were doing these inspections as well as receipts from the pest control company showing the treatments the facility was receiving.	{A 030}
